

**22 Amp Power Supply**

Heavy duty power supply offers features and performance not normally found in this price range. Variable output voltage, dual current/voltage meters, and short circuit/overload protection make this supply an outstanding value. The built-in fan keeps the unit cool, even when operating at the full rated output for extended periods of time. Features front mounted binding posts for easy hook-up. Heavy duty steel housing with short circuit and overload protection.

**Specifications:** • Output voltage: 6-15 VDC (variable) • Output current: 22 amps (cont), 25 amps (surge) • Ripple voltage: Less than 1 mV at rated output • Input voltage: 120 VAC, 60 Hz • Net weight: 20 lbs.

#120-548 ..... \$108.65 (1-3) **\$99.80** (4-UP)

**32 Amp Power Supply**

Offers variable output voltage, dual current/voltage meters, and short circuit/overload protection making this supply an outstanding value. The built-in fan keeps the unit cool, even when operating at the full rated output for extended periods of time. Features front mounted binding posts for increased versatility.

**Specifications:** • Output voltage: 12-15 VDC (variable) • Output current: 32 amps (cont), 35 amps (surge) • Ripple voltage: Less than 1 mV at rated output • Input voltage: 120 VAC, 60 Hz • Net weight: 24 lbs.

#120-556 ..... \$145.60 (1-3) **\$133.25** (4-UP)

**40 Amp Power Supply**

If you need massive quantities of DC current, this is the power supply for you! Perfect for testing large automotive amplifiers. The built-in fan ensure cool operation even when used at the full rated output for extended periods of time. Adjustable voltage, dual current/voltage meters, and short circuit/overload protection further increase the value of this supply. Features two sets of high current binding posts. Also features a heavy duty, rack mountable case.

**Specifications:** • Output voltage: 12-15 VDC (variable) • Output current: 40 amps (cont), 50 amps (surge) • Ripple voltage: Less than 1mV at rated output • Input voltage: 120 VAC, 60 Hz • Net weight: 40 lbs.

#120-558 ..... \$191.05 (1-3) **\$178.79** (4-UP)

**110VAC/220VAC Step-Up/Step-Down Transformers**

Convenient transformers allow you to utilize 110VAC appliances in countries that have 220VAC power, and vice versa. Features a heavy-duty transformer for safety and reliability, on/off switch with indicator light, sturdy metal case (with carrying strap on 1000W model and up) and universal output receptacles (will accept European 2 pin round plug and North American 2 pin flat and 3 prong plug.) Safety features include built-in (non-detachable) power cord with strain relief, protection, safety polarized input switch, and non-slip rubber feet.

Part #	Watt Rating	Dimensions (L x W x H)	Net Weight	Price Each
120-805	100	5-1/8" x 3-3/4" x 3-1/4"	4 lbs.	<b>\$19.96</b>
120-800	200	5-1/8" x 3-3/4" x 3-1/4"	5 lbs.	<b>27.87</b>
120-815	300	6-7/8" x 4-3/4" x 3-3/4"	7 lbs.	<b>37.27</b>
120-810	500	7" x 4-3/4" x 3-3/4"	9 lbs.	<b>55.12</b>
120-820	1000	8-1/4" x 7-1/8" x 5-3/4"	22 lbs.	<b>90.09</b>
120-825	1500	8-1/4" x 7-1/8" x 5-3/4"	24 lbs.	<b>113.98</b>
120-830	2000	9-3/4" x 7-1/8" x 5-3/4"	31 lbs.	<b>156.35</b>

**Foreign Travel Adapter Kit**

Converts 220/240VAC foreign electricity to 110/120VAC. Just plug the travel adapter into the foreign wall outlet and then plug your appliance into the female side of the converter. Ideal for travel irons, hair dryers, coffee makers, electric blankets, steamers, etc. Rated at 1600 watts max. Includes converter, five adapter plugs, and storage case.

#120-885 ..... \$27.56 (1-9) **\$25.48** (10-UP)

**PYRAMID Power Supplies**

**3 Amp Power Supply**

This fully regulated power supply is perfect for powering CBs, car radios, and other 12 VDC devices that draw up to 3 amps. Heavy duty steel housing with front mounted switch and binding posts. Short circuit and overload protection!

**Specifications:** • Output voltage: 13.8 VDC (fixed) • Output current: 3A (cont), 4 amps (surge) • Ripple voltage: Less than 3 mV at rated output • Input voltage: 120 VAC, 60 Hz • Net weight: 5 lbs.

#120-532 ..... \$24.74 (1-3) **\$19.88** (4-UP)

**5 Amp Power Supply**

Features binding posts and a cigarette lighter jack for increased versatility! Perfect for powering 12V devices that draw up to 5 amps. Heavy duty steel housing with short circuit and overload protection.

**Specifications** • Output voltage: 13.8 VDC (fixed) • Output current: 5 amps (cont), 7 amps (surge) • Ripple voltage: Less than 3 mV at rated output • Input voltage: 120 VAC, 60 Hz • Net weight: 6 lbs.

#120-534 ..... \$29.70 (1-3) **\$25.30** (4-UP)

**10 Amp Power Supply**

A perfect power supply to test most high power car stereos, cellular phones, and other 12V devices that draw up to 10 amps. Features front mounted binding posts and a cigarette lighter jack for increased versatility. Heavy duty steel housing with short circuit and overload protection.

**Specifications:** • Output voltage: 13.8 VDC (fixed) • Output current: 10 amps (cont), 12 amps (surge) • Ripple voltage: Less than 1 mV at rated output • Input voltage: 120 VAC, 60 Hz • Net weight: 11 lbs.

#120-538 ..... \$49.80 (1-3) **\$45.50** (4-UP)

**6-Way Multi-Voltage 2 Amp Power Supply**

This compact power supply is ideal for all devices that draw up to 2 amps of current. It is fully regulated, ensuring a constant and accurate DC power output. The rotary switch permits the selection of six popular voltages (3, 4.5, 6, 7.5, 9, 12V DC), and the color coded binding posts make connection easy. Works well with the detachable DC plug kit (#120-537) by supplying an easy termination for the popular DC plugs on the market today.

#120-536 ..... \$27.99 LIST **\$15.90** (1-9) **\$13.75** (10-UP)

**Detachable DC Plug Kit**

Kit contains six of the most popular DC plugs for DC powered devices such as portable TV sets, video games and radios. It also contains a 6 ft. power cable with terminated connectors on one end for connecting to the #120-536 two amp power supply.

#120-537 ..... \$5.99 LIST **\$3.98** (1-9) **\$3.28** (10-UP)
