9V Lithium Battery

The Ultralife lithium 9-volt battery is a consumer-replaceable battery that lasts up to 5 times longer than ordinary 9V alkalines and 10 times longer than carbon-zinc batteries. The flat, stable voltage produces maximum power stability. Among the many devices that benefit from the U9VL's extended life are smoke detectors, carbon monoxide detectors, garage door openers, wireless home security sensors, baby monitors, remote control toys, electric guitar effects pedals, and wireless microphones. Contains no mercury, lead, or cadmium so it's environmentally friendly. Bulk pack. Mfg. #U9VL-J. Made in the USA. Sold individually.
