Dayton 5.1 Home Theater Packages

- Optimized for living rooms
- Long-excursion woofers used throughout the system
- Unique 3-way center channel
- Powered subwoofer

Dayton Audio home theater speakers provide excellent clarity and detail. Consistent voicing is maintained throughout by the unique 3-way center channel and satellite speakers. The larger than life sound blends seamlessly with a Dayton Audio subwoofer to produce cinema audio experiences in your home or office.

5.1 Home Theater Package with 8" Powered Subwoofer

Brackets and rubber feet are included for stand-mounting, wall-mounting, or free standing speaker operation. Dayton Audio BS36 36" LCR Speaker Bar

Table feet supplied free

Hangman Mounting Bracket

- All-in-one speaker bar
- Great for any plasma or LCD TV installation
- Ideal for space-limited home theater applications
- High-gloss black lacquer finish
- Left-center-right on-wall speaker
- Optional Hangman bracket for easy wall mounting

This "small-but-mighty" speaker bar combines left, center, and right channel speakers into a single convenient mountable "bar" that can be positioned above or below the screen, or sit free standing. When combined with a pair of SAT-BK satellite speakers and a powered sub, like the SUB-80 (#300-631), you'll have created a big sounding, compact-sized surround sound experience that will impress family and friends.

Specifications: • Three 3-3/4" woofers • Three 5/8" aluminum tweeters • Power handling: 50 watts RMS/80 watts max • Impedance: 8 ohms • Frequency response: 100-20,000 Hz • SPL: 87 dB 1W/1m • Dimensions: 4-3/4" H x 36" W x 4-1/4" D.
