### MTX Lolita 8" 100 Watt Low Profile Subwoofer

MTX's Lolita is a subwoofer that features a revolutionary design—its compact profile allows it to fit under sofas, tables, beds, and even between furniture and walls. The 8" woofer uses an overhung voice coil and long-excursion suspension to produce high sound pressure levels with low distortion, and flared low-noise ports reduce distortion at the bottom of the frequency range.

**Specifications:** • Woofer: 8" • Amplifier power: 100 watts RMS • Frequency response: 48-160 Hz • Input: line level and speaker level • Output: line level • Phase switch: 0°/180° • Auto turn on/off • Low pass slope: 18 dB • Subsonic filter: 18 dB @ 30 Hz • Dimensions: 7" H x 23-3/4" W x 12-1/4" D.
