## Power Protection

### Furman PST-8D Digital Power Station 8-Outlet Surge Strip

- Advanced Linear Filtering reduces AC line noise and contamination, improves audio/video clarity
- Series Multi-stage Protection Plus (SMP+) provides the highest level of AC surge suppression
- Automatic Extreme Voltage Shutdown (EVS) guards valuable equipment from dangerous wiring faults
- Zero ground contamination circuitry assures the delivery of pure AC power thus protecting critical A/V components

**Specifications:** • Outlets: four (digital-ultrasonic noise filtered), four (linearly filtered) • Current rating: 15 amps. • Dimensions: 2.75" H x 3.375" W x 18.5" D.

**#248-775** ..... \$185.00 EACH

### Furman PST-8 Power Station 8-Outlet Surge Strip

- Advanced Linear Filtering reduces AC line noise and contamination, improves audio/video clarity
- Series Multi-stage Protection Plus (SMP+) provides the highest level of AC surge suppression
- Automatic Extreme Voltage Shutdown (EVS) guards valuable equipment from dangerous wiring faults
- Zero ground contamination circuitry assures the delivery of pure AC power thus protecting critical A/V components

**Specifications:** • Outlets: eight (linearly filtered) • Current rating: 15 amps. • Dimensions: 2.75" H x 3.375" W x 17.75" D.

**#248-774** ..... \$145.00 EACH

### Furman PST-6 Power Station 6-Outlet Surge Strip

- Advanced surge suppression with zero ground contamination
- Offers protection superior to a standard power strip
- Cable, satellite, and Telco connectors deliver advanced protection
- Compact design enables discrete placement

**Specifications:** • Outlets: six (filtered) • Current rating: 15 amps • Dimensions: 2.75" H x 3.375" W x 13.5" D.

**#248-772** ..... \$95.00 EACH

### Furman PST-2+6 Power Station 8-Outlet Surge Strip

- Advanced surge suppression with zero ground contamination
- Offers protection superior to a standard power strip
- Cable, satellite, and Telco connectors deliver advanced protection
- Audible alarm indicates excessive power surge
- Compact design enables discrete placement

**Specifications:** • Outlets: eight (filtered) • Current rating: 15 amps • Dimensions: 1.75" H x 11.75" W x 5" D.

**#248-773** ..... \$55.00 EACH

### Furman PS-REL AC Sensing Relay

The PS-REL AC Relay senses the presence of 120 VAC and closes an SPDT relay. A common application for the PS-REL is to extend the capacity of the switched outlet found on many home theater receiver/amps. In this way, a wireless remote can turn on the receiver, which in turn powers its switched outlet, which triggers the PS-REL, which then activates a Furman power sequencer like the PS-PRO.

**#248-763** ..... \$45.00 LIST **\$39.95** EACH

### Furman AC-215 Direct Mount Line Conditioner

- Advanced Linear Filtering Technology (LiFT) assures unequalled audio/video clarity
- Series Multi-stage Protection Plus (SMP+) for maintenance-free AC surge suppression
- Extreme Voltage Shutdown (EVS) guards valuable equipment from dangerous wiring faults
- Zero ground contamination circuitry protects critical video circuits
- Compact chassis design easily attaches to any flat screen television mount
- Great for mounting inside racks or enclosures

For over 30 years, Furman has pioneered the development of AC power products for the most demanding audio, video, and broadcast professionals. Furman's Series Multi-stage Protection Plus (SMP+)—featuring Linear Filter Technology (LiFT) and Extreme Voltage Shutdown (EVS) with high current TVZ-MOV—delivers the purest AC power and the most comprehensive protection available, going far beyond what is found in traditional surge strips. With Furman's AC-215, everyone can reap the benefits of unrivaled power purification and unequalled surge protection. This compact unit includes hardware for easy installation. It's ideal for mounting directly onto the back of a plasma or LCD screen, but works in any application where discretely-located, remote power purification and protection are needed. • Dimensions: 1.75" H x 5" W x 8.5" D • Weight: 3 lbs.

**#248-777** ..... \$199.00 EACH

### Tripp Lite Protect It! Surge Suppressors

Tripp Lite offers economical AC surge suppression for protection of workstations, desktop PCs, telecom systems, and other sensitive electronics. Built-in AC surge suppression shields connected equipment from damage and performance problems due to transient surges.

Part #	Mfg. #	Outlets	Cord Length	Suppression	List Price	Price Each
125-046	TLP404	4	4 ft.	390 joules	\$9.99	<b>\$7.99</b>

### MONSTER®

#### Home Theater Power Centers

*The perfect way to protect your expensive home theater equipment.*

#### Power HT UPS500 Battery Back Up with CoolDown™ Technology

- Battery back up
- 2 outlets
- CoolDown™ technology
- Safely keep fans running to cool down expensive bulbs

Monster Power has redesigned the common UPS to meet the demands of cutting edge technology. Not only does the Monster UPS500 provide battery back up so you can shut your equipment down safely, it is also smart. With a simple set up and IR emitter, the UPS500 will cool down expensive DLP, rear projection, and projection TV bulbs during power outages. Monster's CoolDown™ technology will automatically send a signal to turn a DLP, rear projection, or projection TV into standby mode, and still provide power to the fan to cool the bulb. Now that's smart!

**#185-175** ..... \$229.95 EACH

#### HT PowerCenter™ HTS800 Clean Power™

- Monster Clean Power™
- Stage 1 filter to provide noise free power • 8 ft. Monster AC power cable with FlatProfile™ right angle plug • Color-coded, labeled outlets and matching cord labels
- 8 outlets total, including 3 spaced for use with AC adapter transformers • Audible and visual indicators • \$50,000 Connected Equipment Warranty • 1665 Joule rating provides a high level of surge absorption.

**#185-164** ..... \$99.95 EACH
