Break-Away Integrated Wall Plates with Keystone Bezels

- Color coded to identify the necessary runner cable
- Combination of one or two runners used for each application
- Multiple signals through a single wall plate
- Saves time and money for integrators

The RapidRun integrated wall plates are the perfect solution for educational and institutional installations. These wall plates allow combinations of PC Video, 3.5 mm stereo audio and component or composite video plus stereo (L&R) audio. Keystone inserts for data and networking as well as any combination of audio and video keystone couplers. The wall plates are constructed with aluminum for durability and fit standard dual gang or single gang* electrical boxes.

Part #	Mfg. #	Description	Color Code	List Price	Price (1-3)	Price (4-UP)
183-798	42304	HD15 + 3.5 mm audio + S-Video + 3RCA (YRW) + 2 keystone bezels	Yellow/Blue	\$94.99	\$74.95	\$71.70
183-799	42305	HD15 + 3.5 mm audio + S-Video + 3RCA (YRW) + 4 keystone bezels	Yellow/Blue	99.99	79.95	75.95

183-806	42312	HD15 + 3.5 mm audio + 3RCA (YRW) + 4 keystone bezels	Yellow	94.99	74.95	71.20
183-813	42326*	HD15 + 3.5 mm audio + 1 keystone bezel	Yellow	59.99	50.95	48.40
183-815	42333*	HD15 + 3.5 mm audio + 3RCA (YRW) + 1 keystone bezel	Yellow	89.99	74.95	71.20

Break-Away Integrated Wall Plates

- Color coded to identify the necessary runner cable
- Combination of one or two runners used for each application
- Multiple signals through a single wall plate
- Fits a standard single gang J-box
- Saves time and money for integrators

The RapidRun Integrated Wall Plates are the perfect solution for educational and institutional installations. These wall plates allow any combination of PC Video, 3.5 mm stereo audio and component or composite video plus stereo (L&R) audio. The wall plates are constructed with aluminum for durability and the locking connector allows the integrator to save valuable space inside the surface mount or electrical box that typically is full of cabling.

Break-Away Flying Leads

- Color coded yellow, green or blue to identify the necessary runner cable
- Molded connectors provide a quality/professional look
- Terminates to the runner cable quickly and easily
- Provides effortless changes for equipment upgrades

Flying leads are ideal behind a rack or large screen television and where traditional patch cables attached to a wall plate won't fit. Flying leads are available in configurations and lengths to match your unique installation.
