

Terk TRK-S26 18" x 20" DirecTV® Multi-Satellite Dish

- Three integrated LNBS
- Receive all available Direc TV® programs
- 18" x 20" size
- Built in multi-switch
- Four identical outputs

#210-257 \$129.99 LIST **\$95.19** (1-3) **\$92.65** (4-UP)

Terk TV44 Clip-On TV Antenna for Satellite

- Receives off-air VHF, UHF, and HDTV signals
- Installs easily on 18" x 20" satellite dishes
- Unique clip-on antenna design
- Built-in internal amplifier
- Weather-resistant

#210-240 **\$79.49** (1-3) **\$76.27** (4-UP)

Terk Satellite Multi-Switches

- Connects a dual-LNB satellite dish, plus an off-air antenna or cable TV hookup
- Feed separate satellite receivers
- Designed for maximum signal transfer
- Built-in amplifier to eliminate signal loss
- DC pass capability

#180-484

#180-485

BMS-34 Specifications: • 3-in 4-out • Frequency range: 54-2,150 MHz • Impedance: 75 ohm matching • Insertion loss: Ant: -9 dB; Sat: +4 dB • Isolation: Ant: 30 dB, Sat: 30 dB.

#180-484 \$99.99 LIST **\$43.90** (1-3) **\$42.59** (4-UP)

BMS-58 Specifications: • 5-in, 8-out • Input frequency range: 950-2,150 MHz (SAT); 54-806 MHz (UHF/VHF)

#180-485 \$149.99 LIST **\$81.09** (1-3) **\$78.28** (4-UP)

Terk BIA-20 In-Line Amplifier

- Boost signal gain to compensate for loss

Specifications: • Frequency range: 54-2,150 MHz • Impedance: 75 ohm matching • Slope compensated gain: +11 dB @ 54 MHz, +20 dB @ 2,150 MHz • Noise figure: <5 dB.

#180-486 \$27.99 LIST **\$19.92** (1-3) **\$18.38** (4-UP)

Jensen TV920 Low Profile VHF/UHF Amplified Antenna

This antenna's unique internal UHF & VHF elements mimic much larger designs and grab video signals with crystal clear results. Built-in A/B switch easily alternates between TV and video games, cable or satellite. Includes detachable 6 ft. 75 ohm cable with gold plated "F" connectors.

#210-597 **\$49.80** (1-3) **\$47.00** (4-UP)

3-Input Multi-Switches

- Designed to combine two LNB inputs with one off-air antenna signal or CATV signal • Allows all receivers to view different channels at the same time. • All ports are 500 mA DC passive (except antenna port).

| Part # | Description | Price (1-4) | Price (5-11) | Price (12-UP) |
|---------|--------------------|-------------|--------------|---------------|
| 180-545 | 4 receiver passive | \$22.50 | \$20.88 | \$19.65 |
| 180-454 | 8 receiver passive | 34.80 | 32.60 | 29.88 |

SMATV Satellite Multi-Switch

- Designed to allow two LNB inputs to distribute satellite-only signals to 16 receivers • Built-in IF amplification compensates for insertion loss • Perfect for bars and restaurants with a large number of viewing areas

#180-451 (2-in, 16-out) **\$215.89** (1-4) **\$211.74** (5-UP)

Satellite Finder Kit

This kit was designed to provide a total solution for installers in completing precise satellite dish alignment and tuning. Provides 15 VDC power so you can align dish without the receiver being hooked up. Kit includes: satellite signal strength meter, 15 VDC battery pack (batteries not included), lensatic compass, and jumper cable. Stored in a handy lightweight case.

#180-535 **\$38.00** EACH

Satellite In-Line Amplifier

This high-grade satellite IF inline amplifier is suitable for long cable runs in DBS or MMDS satellite applications.

Note: In-line amplifiers are designed to compensate for line loss due to long cable runs. They will not increase your satellite reception signal strength.

#180-456 **\$6.90** (1-4) **\$6.25** (5-UP)

Dual LNB Power Inserter

Nickel plated power inserter is designed to power either the LNB, MMDS down-converters, or in-line amplifiers. It extends the range of cable runs by providing power for both polarities of the LNB's 40-2,050 MHz bandwidth. Includes 24 VDC power supply.

#180-457 **\$51.51** (1-4) **\$42.92** (5-UP)

Splitter/Combiner (Duplexers)

Allows off-air (UHF/VHF) or CATV and satellite signals to be duplexed (combined) into one cable run to a receiver. Use second unit to split the signals from the single coax cable bandwidth: 40-2,300 MHz.

#180-507 **\$3.95** (1-4) **\$3.48** (5-11) **\$3.29** (12-UP)

Audioplex Wall Plates

- Decora style
- Perfect for TiVo® users
- A single solution for multiple satellite connections

Audioplex wall plates offer unique configurations for custom installs that put the finishing touch on home theater and audio/video installations.

302-342 (White)

302-344 (Ivory) **22.11** (1-5) **20.89** (6-UP)
