

Dayton Audio 100W Impedance Matching Volume Controls

- 100 watt/channel power handling
- Three color options included
- Improved phoenix-type connections
- Decora® styling with better aesthetics

Only premium grade autoformers are used for high power handling, rock solid reliability, and wider frequency response.

Specifications: • Power handling: 2 x 100 watts max
 • Input/output wire AWG terminal size: Up to 14 AWG
 • Impedance protection: Up to 16 pairs of 8 ohm speakers • Dimensions: 4-1/8" H x 1-5/8" W x 3" D (in wall depth 2-3/4") • Sold individually.

- #300-550 (VSS100 Sliding) \$44.99 LIST **\$34.48** (1-5) **\$32.84** (6-UP)
- #300-552 (VRS100 Rotary) \$44.99 LIST **\$34.48** (1-5) **\$32.84** (6-UP)

Dayton Audio 60W Audiophile Grade Volume Controls

- Only audiophile-grade resistors attenuate the sound
- Wide-band frequency response without transformer roll-off
- Three Decora® style color choices included
- Phoenix type removable connectors

For multi-zone setup use the MSDB-8 multi-speaker distribution box with impedance protection.

Specifications: • Power handling: 2 x 60 watts max
 • Input/output wire AWG terminal size: Up to 14 AWG
 • Dimensions: 4" H x 1-1/2" W x 2-1/4" D (depth in wall 2-1/8").

- #300-554 (VR60S Sliding) \$44.99 LIST **\$33.94** (1-5) **\$32.31** (6-UP)
- #300-556 (VR60R Rotary) \$44.99 LIST **\$33.94** (1-5) **\$32.31** (6-UP)

Dayton Audio CSVC50 50W Rotary Volume Control

- Best balance of price and performance
- Includes three wall plate and insert colors
- Removable phoenix-type connectors

The most rugged autoformers were specifically chosen to offer the longest possible service life, and removable phoenix type connectors enable easy pre-wiring and installation. White, ivory, and almond Decora® style wall plates and inserts are included.

Specifications: • Power handling: 2 x 50 watts max
 • Input/output wire AWG terminal size: Up to 14 AWG
 • Impedance protection: Up to 16 pairs of 8 ohm speakers • Dimensions: 4-1/8" H x 1-5/8" W x 3" D (in-wall depth 2-3/4") • Sold individually.

- #300-560 \$27.99 LIST **\$20.94** (1-5) **\$19.94** (6-UP)

Dayton Audio Wall Speaker Switches

Popular Decora® wall switches mount in any standard single gang outlet box. The IWS-ABDS allows you to switch between two different input sources and two different sets of speakers (A, B, or both). The IWS-AB allows you to select between two different input sources for the same speakers. Both units can be used in conjunction with either standard or impedance matching volume controls. 150 watt power handling capability. Screw type terminals accept up to 14 gauge wires.

- #300-575 (IWS-ABDS Speaker/Source switch) . . . \$33.99 LIST **\$25.91** (1-5) **\$24.68** (6-UP)
- #300-571 (IWS-AB Source A-B switch) \$24.99 LIST **\$18.86** (1-5) **\$17.97** (6-UP)

Dayton Audio 100W Outdoor Volume Control

Once you have installed an outdoor audio system you'll wonder how you went so long without it. The same goes for the Dayton Audio outdoor volume control. Trips inside to adjust the volume will be a thing of the past, with control right at your fingertips. Each volume control features a completely sealed housing to prevent damaging moisture from entering into the volume control.

- #300-564 \$70.99 LIST **\$53.98** (1-3) **\$51.41** (4-UP)

Dayton Audio Speaker Switches

High power, high performance speaker switch • Push button switches for independent control of 4 speaker pairs • Amplifier is fully protected against low impedance and overload by a protection On/Off switch • Spring loaded terminals accept up to 14 gauge wire • Comes with button identification sticker sheet for easy identification of rooms • Compatible with all amplifiers • Power handling: 100 watts RMS per channel of input power • Dimensions: 8-1/2" W x 2" H x 6-3/4" D

Control speaker volume centrally with individual impedance matching volume controls for each room • Select which speakers are on and the volume they will play right at your stereo equipment location • Ideal for restaurants, bars, and homes without local volume controls • Two sources can play in your system simultaneously with two amplifiers connected to the speaker selector • Simple A/B source selection • Controls four pairs of speakers

- #300-606 (TS-4, 4 pair) \$116.99 LIST **\$86.64** EACH
- #300-608 (TS-6, 6 pair) \$139.99 LIST **\$106.96** EACH

Dayton Audio Speaker Selector with Impedance Matching Volume Controls

Control speaker volume centrally with individual impedance matching volume controls for each room • Select which speakers are on and the volume they will play right at your stereo equipment location • Ideal for restaurants, bars, and homes without local volume controls • Two sources can play in your system simultaneously with two amplifiers connected to the speaker selector • Simple A/B source selection • Controls four pairs of speakers

Specifications: • Works with 4 or 8 ohm speakers • Frequency response: 35-20,000 Hz ± 1 dB • Power handling: 75 watts RMS • Dimensions 12.9" W x 2.6" H x 6.1" D.

- #300-610 \$249.99 LIST **\$184.82** EACH

Dayton Audio MSDB-8 Multi-Speaker Distribution Box

This multi-speaker distribution box features metal construction,

inputs for left and right channels, and eight sets of speaker outputs. Push-button terminals accept 12 to 22 gauge wire. Built-in impedance protection can be switched on or off. Power handling capacity: 300 watts (impedance protection switched off), 150 watts (impedance protection switched on). Color: black. Dimensions: 19" W x 3-1/2" H x 2-1/4" D.

- #300-600 \$164.99 LIST **\$124.83** (1-5) **\$118.90** (6-UP)

Impedance Matching Speaker Selectors

- Manual impedance matching protection circuit
- Accommodates up to 14 AWG speaker wire
- Loop-through output from the source amplifier
- Select any one or all of your connected speakers

These speaker selectors feature a manually activated impedance protection circuit. The protection switch can be turned on to prevent the impedance to your amplifier from dropping below 5 ohms, regardless of the number and impedance ratings of your speakers.

Part #	Mfg. #	# of Zones	List Price	Price Each	Price (2-UP)
