

Dayton Audio Stereo Distribution Panels

- Designed to be used in conjunction with Dayton Audio impedance matching volume controls (VSS100, VRS100, and CSVC50)
- Provide fast and easy installation
- In-wall design hides the unsightly "bird's nest" of wires
- Removable PCB wiring connectors
- Gold plated heavy duty 3-way binding posts
- White Decora® design
- Comes complete with wall plate, hardware and installation instructions.

Wire up to ten sets of speakers!
• Available in a 4-way or 10-way

Specifications: • Power handling: 200 watts RMS per channel max • Outputs: Any combination up to 10 pairs • Input wire (amp): Up to 10 ga. (3-way binding post) • Output wire (speaker) Up to 14 ga. (compression quick connects)
• Mounting configuration: 4-Way: Standard single gang electrical box; 10-Way: Standard dual gang electrical box • Dimensions: 4-Way: 4-1/2" H x 2-3/4" W x 1-3/4" D; 10-Way: 4-1/2" H x 4-5/8" W x 1-3/4" D (depth in wall 3/4").

Note: Must be used with impedance matching volume controls!

#300-541 (SDP4 4-way single gang) \$48.99 LIST **\$37.48** EACH
#300-542 (SDP10 10-way dual gang) \$67.99 LIST **\$51.89** EACH

Dayton Audio HDRCA3 HDMI plus Three Connector Wall Plate Insert

- Provides a neat, clean appearance
- Single-gang Decora-type insert design
- Three 3/8" hex inserts for custom connector loading
- HDMI coupler receptacle designed to work with Dayton HDMI4

Professional installers use wall plate inserts such as the Dayton Audio HDRCA3 for integrating A/V components into a room's decor seamlessly. This single-gang Decora-type insert design may be mixed and matched with other wall plate inserts for a truly custom wall plate that serves unique applications. Three 3/8" hex inserts are offered for the loading of component video wall plate connectors, RCA audio wall plate connectors, or banana jack/binding post wall plate speaker connectors (each sold separately). A receptacle is built-in for loading the Dayton Audio HDMI4 4" HDMI coupler cable which provides signal transfer between in-wall cables and HD component equipment as well as HDTVs. Color: white.

Note: Mounting hardware not included.

#261-362 \$2.99 LIST **\$1.92** (1-3) **\$1.83** (4-UP)

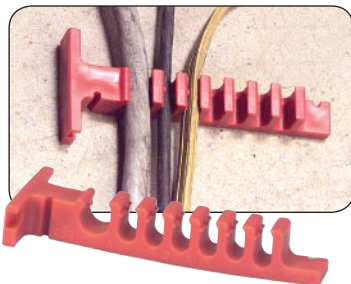

Dayton Audio HDMI4 4" HDMI Coupler Cable

Dayton Audio's female to female 4" HDMI coupler cable connects two HDMI cables together to make a custom length HDMI cable. The resilient cable jacket of the HDMI4 guards against damaging cable strain and can be used as an in-wall HDMI coupling solution.

#300-626 \$20.99 LIST **\$15.92** (1-3) **\$15.12** (4-UP)

Cable Support

These cable supports can be installed vertically or horizontally when running communication, coaxial cable and speaker wire in the same run. May be installed using screws or can be stapled.

#261-439 **.48¢** (1-9) **42¢** (10-UP)

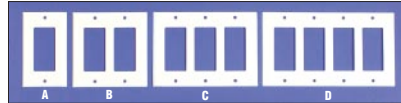

Home Audio / Video

Wall Plates

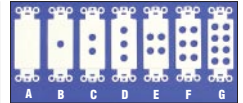

Home Theater Wall Plate System

The "Installer Friendly" wall plate system gives you the flexibility to quickly custom build your wall plates on the job site. All inserts are made with high quality, non-conductive, structurally reinforced plastic. They incorporate an integrated 3/8" inset nut that keeps the connector from "spinning". Inserts are available in white or ivory. Mounting hardware included.

Wall Plate Connectors

High quality connectors specially designed to be used in our installer friendly wall plate system. Each connector incorporates a front hex nut that mates with the hex indent on the front of the insert to eliminate connector "spin" while insuring a uniform appearance. Gold plated and color coded.
