

Low Voltage Mounting Bracket

Low voltage mounting brackets for single and double gang installations on existing construction. Non-conductive, smooth plastic construction.

Existing Construction

Part #	Description	Price (1-9)	Price (10-49)	Price (50-UP)
261-431	Single gang	\$1.24	\$1.12	\$.96
261-432	Dual gang	1.83	1.67	1.36
261-470	Triple gang	3.76	2.97	2.48
261-471	Four gang	6.48	4.64	4.17

New Construction

Part #	Description	Price (1-9)	Price (10-49)	Price (50-UP)
261-433	Single gang	\$.99	\$.86	\$.75
261-434	Dual gang	1.80	1.64	1.34

Box Extender

The box extender levels and supports a wiring device when the box is too far back from the wall surface. Adjusts from 1" to 1-1/2". Can be easily trimmed for adjoining multiple gang boxes.

Part #	Description	Price (1-9)	Price (10-49)	Price (50-UP)
261-435	Single gang	\$1.46	\$1.30	\$1.12
261-436	Dual gang	2.00	1.67	1.44

Power and Low Voltage Combo

- Allow high voltage and low voltage to be installed in the same box
- High voltage side is completely isolated from the low voltage side
- Standard opening for romex and 1/2" flex
- Low voltage side features an open back design that provides room for volume controls and other multiple wired accessories
- UL listed.

#261-429 (New construction) . . \$4.58 (1-9) \$4.02 (10-UP)

#261-430 (Existing construction) . \$5.74 (1-9) \$5.12 (10-UP)

D Rings

D rings are designed for wire pulling and organizing cable runs. They are non-conductive and feature a smooth bearing surface for easy pulling.

Part #	Description	Price (1-9)	Price (10-UP)
261-426	2" x 2"	\$2.33	\$2.00
261-427	3" x 3"	2.54	2.18
261-428	3" x 5"	3.39	2.90

Pro-Wire MP-8 In-Wall Media Panel

- Sleek and attractive method of mounting low voltage devices
- Alternative to structured wire enclosures
- 9 mm labeling system included

This sleek attractive panel from Pro-Wire will allow you to install up to 8 Decora® style low voltage devices without compromising appearance. Additionally, the MP-8 can be used as an alternative to a structured wire enclosure for "home-run" type installations. A 9 mm labeling system is included that enables you to keep track of which termination goes to each room. Low voltage devices sold separately. White in color. Overall dimensions: 12-3/4" H x 9-1/8" W x 2-1/2" D. Cutout: 11-3/4" H x 8-1/8" W. Mounting depth: 2-3/8".

Pro-Wire

#261-280 \$92.62 (1-3) \$87.25 (4-UP)

Home Audio / Video

Wall Plates

NGHP HDMI Wall Plate With Pigtail

- Install an HDMI connection in-wall
- Decora style
- Rear mounted, CL3 rated stress relief cable
- Fits a standard single gang junction box

#186-522 \$24.95 LIST **\$23.64** (1-3) **\$22.43** (4-UP)

Flush Mount Phone Jacks

Rectangular flush mount wall jacks. 4 conductor. USOC RJ11 type. Screw terminals.

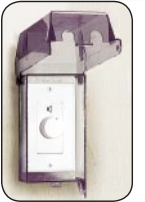

#150-020 (Ivory)

#150-024 (White) . \$1.90 (1-9) \$1.85 (10-49) \$1.72 (50-UP)

Dri-Box® Adapter with Cover and Base

The Dri-Box® is weatherproof while in use and does not require any special adapters to accommodate its shape.

Part #	Description	Price (1-9)	Price (10-UP)
261-437	Vertical box	\$14.25	\$12.89
261-438	Horizontal box	14.25	12.89

Power Bridge™ Recessed Single Gang Power Outlet Kit

- Install an outlet where you need it
- Easy and quick to use
- National Electric Code compliant
- Great for use with flat panel HDTVs, projectors, and powered subwoofers

Note: The Power Bridge is not designed to be wired directly to an electrical circuit. It is designed to connect to a grounded existing electrical outlet only.

#261-175 \$99.99 LIST **\$69.00** (1-3) **\$59.50** (4-UP)

In-Box New Construction Recessed 110 Box Kits

- Great for LCD and plasma TVs
- Allows for against the wall appliance placement for a custom appearance
- Non-conductive material
- Includes power face plates
- Paintable finish

In-Box™ kits recess 110 outlets and allow you to place appliances closer to the wall. Microwave ovens, coffee makers—even LCD TVs—benefit from the closer spacing for a custom installation and appearance; power plugs no longer extend from the wall. In-Box kits work with standard GFCI, indoor power outlets, and most single gang wiring devices.

#261-480 (Single gang) \$14.99 LIST **\$9.87** (1-9) **\$8.92** (10-UP)

#261-481 (Dual gang) \$24.99 LIST **\$17.57** (1-9) **\$13.83** (10-UP)

Hole-Saw Box™ Single Gang Electrical Box

- Uses a 3-1/4" hole saw for installation (hole saw sold separately)
- 17 cubic inches of mounting volume
- For low voltage devices and sconce fixtures up to 3 lbs.

#261-490 \$6.99 LIST **\$4.93** (1-9) **\$4.44** (10-UP)
