## Connectors

### Commercial 3.5 mm Plugs

These 3.5 mm plugs feature machined brass construction with either nickel or black chrome plating and oversized solder terminals. The cable clamp is heavy duty to provide superior strain relief while the knurled handle provides a sure grip. Accepts 4 mm diameter cable (6 mm on "L" versions).

Part #	Mfg. #	Type	Handle	Plug	Price (1-24)	Price (25-99)	Price (100-UP)

### EtherCon® Ruggedized RJ45 Connectors

Ethercon provides solutions for data transfer in harsh demanding environments by offering a cable carrier and receptacle that helps to protect the contacts of the RJ45 connections. Designed to protect the fragile latch and cover of standard RJ45 connectors from breakage, you will find uses for this connector system in Ethernet networking of audio, commercial, entertainment, stage production, DMX lighting, industrial and outdoor internet access applications. The Ethercon series offers both male cable carriers and assembled female receptacles.

### BNC 75Ω Cable Connectors

#### Push-Pull BNC Cable Connectors

- Unique push-pull locking system is ideal for ultra high-density applications, patching, etc.
- Assembly is fast and easy and requires only a standard center contact crimp after cable prep
- Use of a standard crimp size eliminates the need for different crimp dies and facilitates field repair
- Innovative screw lock cable retention with the jacket providing superior pull strength
- Standard color is black, optional colored boots are available

Part #	Mfg. #	For use with cable types	Price (1-24)	Price (25-99)	Price (100-UP)
