

## Carol Category 6 Cable

Four pairs of 23 ga. solid bare annealed copper in a round cable with a cross web design. A spline that runs down the cable separates the pairs to help eliminate cross talk. Every master reel is tested for electrical performance. Available in riser rated (CMR) or plenum rated (CMP) with flame resistant blue jacket. UL listed. 1,000 ft. payout box.

Part #	Description	List Price	Price (1-3)	Price (4-UP)
100-404	Plenum	\$799.95	<b>\$478.97</b>	<b>\$464.19</b>
100-406	Riser	399.95	<b>245.61</b>	<b>233.33</b>

## Telephone/Alarm Wire

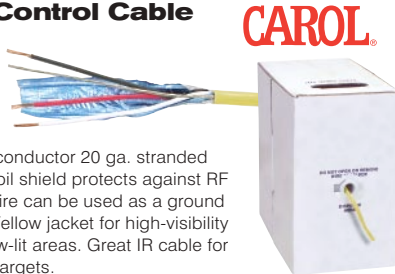

Station cable and alarm wire has color coded 22 ga. solid wire with flexible outer jacket. The line cord has 4 color coded, ultra flexible 30 ga. wires in a silver flat outer jacket.

Part #	Description	AWG	# Cond.	Spool Length	Price (1-3)	Price (4-UP)
100-465	Flat line cord	30	4	100 ft.	<b>\$12.39</b>	<b>\$11.39</b>
100-470	Flat line cord	30	4	500 ft.	<b>57.00</b>	<b>51.82</b>
100-455	Station cable	22	4	100 ft.	<b>11.90</b>	<b>10.89</b>
100-460	Station cable	22	4	500 ft.	<b>44.18</b>	<b>41.96</b>
100-462	Station cable	22	4	1,000 ft.	<b>88.33</b>	<b>83.92</b>

## Carol Shielded Control Cable

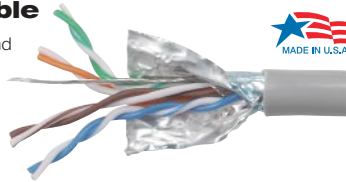

This three conductor cable has multiple uses. It can be used as a balanced audio cable, S-Video cable, and is perfect for wiring a home for IR control. Consists of three conductor 20 ga. stranded copper conductors. Overall foil shield protects against RF and EM interference. Drain wire can be used as a ground to also reduce noise levels. Yellow jacket for high-visibility when searching for wire in low-lit areas. Great IR cable for our Audioplex or Imagine IR targets.

#100-450 (1,000 ft. payout box) . . . . \$199.99 LIST **\$149.88** (1-3) **\$143.38** (4-UP)

## Shielded Cat 5e Cable

Cat 5e is already known for low far-end crosstalk, complying with the TIA/EIA-568-B.2-2001 defined standard, and being perfect for 1,000BASE-T operations. Add to that performance an overall shield that further aids in noise rejection and you have a superior network cable! Also, Cat 5e of this type is required for extremely long runs where baluns are used to transmit audio and video signals. Pre-wiring a house or office for LAN operations couldn't be easier thanks to a convenient payout box that prevents frustrating snags and knots. Made in the USA. Available in 500 and 1,000 ft. payout boxes.

Part #	Length	Price (1-3)	Price (4-UP)
100-420	500 ft.	<b>\$148.49</b>	<b>\$129.93</b>
100-422	1,000 ft.	<b>249.97</b>	<b>225.88</b>

## General Cable Category 5e Outdoor/Direct Burial Cable

Designed specifically for outdoor direct burial use, this Cat 5 cable features a black UV and abrasion-resistant Polyethylene jacket rated from -70°C to 75°C. A waterproof, flooding compound is used to prevent moisture migration. Sold by 1,000 ft. spool.

#100-430 . . . . \$399.99 LIST **\$299.00** EACH

## Wire & Cable

## Carol Category 5e Enhanced Cable

Cat 5e four twisted pair cable rated for category level 5. 8-conductor solid copper 24 ga. wires with color-coded pairs. Sequential foot markers on the wire that start at 1,000 ft. allows you to easily see how much wire is left in the box when wiring multiple runs throughout the home or business. Device and zone markings make it easy to mark the wires so they are easily identified when terminating. Convenient pay out box doesn't get tangled when pulling wire. Enhanced to 150 MHz and UL verified. CMR and MPR rated.

## Enhanced 350 MHz Category 5e Cable

Four twisted pair cable rated for category level 5e. UL approved, made in the U.S.A. Solid 24 ga. wire with stranded eight conductor color code. Blue/White, Brown/White, Green/White, Orange/White. Designed for transmission rates up to 350 MHz. Sequential footage markers. In convenient 1,000 ft. and 500 ft. payout box.

Part #	Length	Price (1-3)	Price (4-UP)
100-411	1,000 ft.	<b>\$129.70</b>	<b>\$124.18</b>
100-412	500 ft.	<b>74.45</b>	<b>69.84</b>

## Carol Category 5e Plenum Cable

UL listed type CMP for installation in ducts, plenums, and other spaces used as environmental air returns. Four pairs of 24 ga. solid bare annealed copper with a flame retardant jacket. Sweep tested to 250 MHz. 1,000 ft. pay-out box.

#100-408 . . . . . \$399.95 LIST **\$279.88** (1-3) **\$266.67** (4-UP)

## Dayton Audio 22/2 Foil-Shielded Mic/Line Wire

- UL listed
- 24 AWG tinned copper drain wire
- NEC 725, Type CL2/NEC 800, type CM
- Industry-standard 22 AWG two conductor wire
- Flame retardant gray PVC jacket, .137" nominal O.D.
- Footage sequentially printed on cable in 2 ft. increments
- Stranded bare copper conductors (7/30 per conductor)

Popular interconnect cable suits a variety of audio applications. Overall foil/polyester wrap provides effective shielding. Durable, easy-to-pull PVC jacket facilitates long cable runs. Ideal for balanced/unbalanced line level audio, as well as permanently installed microphone connections under floors, in walls, or in racks.
