Clean Cut™ Fray Resistant Sleeving

- Dense braid structure provides fuller coverage
- Fray resistant when cut with scissors
- Cut & abrasion resistant
- Chemically inert
- UV resistant
- Easy to install
- Maintains properties across wide temperature range

By manipulating the mechanical specifications of Polyethylene Terephthalate filaments, the engineers at Techflex have produced a product with the same characteristics as the Flexo Pet with the added advantage of being able to cut with ordinary scissors and yet maintain a fray-resistant end. Flexo Clean Cut™ fray-resistant properties allows frequent expansion at the cut end without unraveling. Clean Cut™ is ideal for field installers and other situations where access to a hot knife is not possible. The black expandable sleeve is designed for quick and easy bundling of wires and cables. It not only provides a professional look to wire bundles but also protects from abrasion and cuts. Clean Cut™ can withstand temperature extremes from -103° F to 255° F.

Part #	Nominal Diameter	Length	Price (1-3)	Price (4-UP)

Chrome XC Mylar Sleeving

- UV resistant
- Lightweight and flexible
- Cuts easily with hot knife
- Chemically inert
- High abrasion resistance
- Operating temperature: -103°F to 302°F

Flexo Chrome XC is so much more than just a hot looking wire and hose covering. Engineered by braiding heavy gauge 5 mil metallized polyester film (Mylar) in combination with our clear polyethylene terephthalate (PET), Techflex has produced a tough, durable and attractive solution for a wide range of applications. Chrome XC provides a tighter weave design that eliminates transparent elements; the result is a continuous, smooth, metallic shine perfect for any application.

Part #	Nominal Diameter	Length	Price (1-3)	Price (4-UP)
082-472	5/16"	25 ft.	\$12.82	\$11.42
082-466	1/2"	25 ft.	19.50	18.25

082-470	1-1/2"	25 ft.	42.16	37.56

Mylar Braided Sleeving

- Adds "Chrome" look to wires and hoses
- Provides electrical shielding to wire bundles
- Easy to install, lightweight and flexible
- Operating temperature up to 255°F

Flexo Chrome is so much more than just a hot looking wire and hose covering. This strong and attractive product is practical in both electronic and decorative applications. Braiding must be cut with a hot knife to prevent unraveling. Sold in 25 ft. lengths.

Part #	Size I.D.	Size Range (Min-Max)	Price (1-3)	Price (4-UP)
