DeoxIT Contact Cleaner

DeoxIT is a fast-acting deoxidizing solution that cleans, preserves, lubricates and improves conductivity on all metal connectors and contacts. Use as a general treatment for connectors, contacts and other metal surfaces, and on non-critical metal surfaces with severe oxidation and corrosion. If the metal surface is discolored, the corrosion is severe. DeoxIT dissolves the contamination and protects the surface. Not only does DeoxIT remove corrosion but it also seals and protects all electrical connections, and reduces intermittent failures, arcing, wear, and abrasion. Temperature range: -34°C to 200°C.

DeoxIT D5 Spray:

Provides light 5% coating. Flammable (until solvent evaporates). No ozone-depleting CFCs.

- #341-200 (5 oz. D5S-6 Spray) \$12.98 (1-11) \$12.25 (12-UP)
- #341-202 (15 g D5MS-15 Mini Spray) \$7.35 (1-11) \$6.89 (12-UP)

DeoxIT D100S-2 2 oz. Spray:

100% concentrate with precision metered spray. Non-flammable.

- #341-205 \$16.36 (1-11) \$15.36 (12-UP)

DeoxIT D-100P Pen Applicator:

Provides 100% concentrated DeoxIT solution. Includes chisel and round tips. Non-flammable, non-toxic.

- #341-210 \$16.36 (1-11) \$15.36 (12-UP)

DeoxIT D100L-2DB Vial:

7.4 mL, 100% DeoxIT concentrate. Includes brush applicator. Non-flammable, non-toxic.

- #341-215 \$14.72 (1-11) \$13.82 (12-UP)

DeoxIT D100L-25C Precision Needle Dispenser:

25 mL, 100% DeoxIT liquid. Includes needle type dispenser. Non-flammable, non-toxic.

- #341-220 \$24.56 (1-11) \$23.04 (12-UP)

Caig SK-IN30 Industrial Survival Kit

The SK-IN30 is the perfect kit for the tech on the go. It includes everything you need to keep A/V parts, data connections, and computer parts in perfect working order. The kit includes 20 mL spray cans and precision liquid tubes of DeoxIT™, DeoxIT Gold™, and DeoxIT SHIELD™. DeoxIT™

is a fast deoxidizing solution that cleans, preserves, lubricates and improves conductivity on metal connectors and contacts. DeoxIT Gold™ is a conditioning solution that improves conductivity of precious metal connectors and contacts. DeoxIT SHIELD™ seals, lubricates, and preserves metal items against oxidation. Includes: DeoxITv, DeoxIT Gold™, DeoxIT SHIELD™, lint-free swabs, brushes, and cloths.

- #341-246 \$28.66 (1-3) \$26.90 (4-UP)

DeoxIT Gold Conditioner and Protector

DeoxIT Gold is a unique conditioning solution that improves conductivity and provides long-lasting protection on gold, base metals and other precious metal contacts and connections (gold, silver, rhodium, copper, bronze, nickel, etc.). Recommended for critical applications where only slight cleaning action is necessary. DeoxIT Gold coats the entire surface, providing protection from abrasion, corrosion, arcing, RFI, and tarnishing. Use on connectors and contacts for maximum performance and protection. Temperature range: -34°C to 310°C. The GX100L line of DeoxIT Gold provides an extended temperature range (-45°C) to 400°C, longer lasting, non-gumming/varnishing. Ideal for tube sockets!

DeoxIT Gold G5, Spray:

Provides light 5% coating of DeoxIT Gold liquid. Adjustable valve. No ozone depleting CFCs. Flammable (until solvent evaporates).

- #341-225 (5 oz. G5S-6 Spray) \$20.46 (1-11) \$19.20 (12-UP)
- #341-226 (15 g. GN5MS-15 Mini Spray) \$9.80 (1-11) \$9.20 (12-UP)

DeoxIT Gold G100 Vial:

7.4 mL, 100% concentrate. Includes brush applicator. Non-flammable, non-toxic. For higher temperature applications use the GXL100L vial.

- #341-235 (G100L-2DB) \$24.50 (1-11) \$22.98 (12-UP)
- #341-228 (GX100L-2DB) \$37.68 (1-11) \$35.35 (12-UP)

DeoxIT FaderLube

DeoxIT FaderLube is a precision lubricant for moving contact surfaces. Ideal for use with faders, switches, potentiometers, and other mechanisms with sliding surfaces. Maintains optimum signal quality and reduces wear and abrasion. It replenishes lubrication lost on surfaces that have been cleaned with solvents or other cleaning solutions. Formulated for conductive plastics and carbon based controls.

DeoxIT FaderLube 5 oz. Spray:

Provides light 5% coating of FaderLube liquid. Petroleum naphtha carrier solvent used to flush away dust, dirt, and contamination.

- #341-250 (5 oz. F5S-H6 Spray) \$13.90 (1-11) \$13.05 (12-UP)
- #341-252 (15 g F5MS-H15 Mini Spray) \$8.50 (1-11) \$7.85 (12-UP)

DeoxIT FaderLube 2 oz. Spray:

Precision metered spray. Provides short bursts of 100% FaderLube liquid, no solvents.

- #341-254 \$15.54 (1-11) \$14.59 (12-UP)

DeoxIT FaderLube 25 mL Liquid:

25 mL, 100% FaderLube liquid.

- #341-256 \$26.98 (1-11) \$25.35 (12-UP)

CAIG Cleaning Brushes

Durable nylon brushes for cleaning contacts and connectors. Perfect for cleaning all types of phone, RCA, XLR, and coax type connectors. 6 per package.

- #341-245 \$5.97 (1-11 PKGS) \$5.43 (12 PKGS-UP)

Silver Oxide Thermal Compound

- Maximum heat transfer for overclocked CPUs and GPUs
- Works great with amplifier ICs
- Applicator for simple storage and easy compound distribution

Protect vital ICs and CPUs from extreme heat with this silver oxide thermal compound.

- Specifications:**
- 1.5 grams included in applicator
 - Viscosity: 76.0 cP
 - Thermal conductivity: Greater than 4.5 watts per meter Kelvin
 - Dielectric constant: Greater than 5.1
 - Operating temperature: -30°C (-22°F) to 240°C (464°F)
 - Compound content: 50% Silicone, 20% Carbon, 20% Metal Oxides, 10% Silver Oxide.

- #341-002 \$9.99 LIST \$5.96 EACH
