Tools & Tech Aids

Automatic Wire Stripper/Cutter

This top load wire stripper/cutter features one squeeze stripping and cutting action. Accepts 10 to 20 AWG, stranded or solid wire. Tension is adjustable. 6-3/4" in length. Licensed by Elcontrol S.P.A. Italy. Patent USA No. 4366730, Patent Taiwan No. 25333

#360-627 \$11.89 (1-9) \$10.70 (10-UP)

All Purpose Stripper/Cutter

This tool combines a stripper, wire cutter, and a needle nose pliers tip, making it perfect for all electrical applications. Needle nose tip adds wire pulling and bending capability. Strips 10 to 20 gauge wire. Red plastic coated grip provides maximum leverage. 6" in length. Made in the USA. Mfg. #105CGV. Limited lifetime warranty.

#360-830 \$17.80 (1-5) \$16.67 (6-UP)

Klein Crimping Tool

High quality crimping tool designed for crimping uninsulated terminals and connectors from 10 to 22 AWG. Handy wire cutter in the nose. Handles are plastic dipped. Length: 9-1/2".

#362-110 \$29.49 (1-5) \$28.85 (6-UP)

Fish Tape Reel

50 ft. fish tape on a tool box size reel. Perfect for snaking wires under carpet or through walls. Use for stereo speaker wires, phone lines or cable TV coax. 7" diameter fits easily into most tool boxes.

#360-420 \$29.92 EACH

Crimp Tool for Insulated Terminals

This ratchet style tool is for crimping insulated terminals. Features stamped steel frame with red handles. Crimps 22-18, 16-14, and 12-10 AWG sizes. 8-3/4" in length.

#360-642 \$18.62 (1-5) \$16.75 (6-UP)

Knife Set

This precision quality knife set comes with heavy plastic storage case, 3 different size knives, and 10 extra replacement blades. Knives use standard X-acto type blades.

#360-372 \$4.99 (1-9) \$4.40 (10-UP)

Razor Knife

Retractable blade razor knife uses snap off type blades. Includes safety lock. Works well scoring drywall or plastic.

#360-373 79¢ (1-9) 68¢ (10-99) 48¢ (100-UP)

7-in-1 Wire Stripper

The 7-in-1 features a wire stripper, cutter, steel wire cutter, pliers, wire loop, millimeter/inch scale, and crimping tool. #360-632 strips 16, 18, 20, 22, and 26 AWG wire and #360-634 is for stripping 10, 12, 14, 16, and 18 AWG wire. Cushioned grips. 6-5/8" in length.

#360-632 (26-16 ga.) \$4.98 (1-5) \$4.50 (6-UP)

#360-634 (8-10 ga.) \$4.98 (1-5) \$4.50 (6-UP)

Large Diameter Cable Cutter

Cuts up to 4/0 aluminum and 2/0 copper wire. Carbon steel construction with extra long handles for maximum cutting leverage. Jaws of cutter are curved for a quick and easy cut. Small shearing hole for cutting steel wire up to 3.0 mm prevents the blade from getting dull or nicked. Overall length is 9-1/4".

#360-624 \$13.29 (1-5) \$11.97 (6-UP)

Adjusting Cable Slitter

Runs a slit around the circumference and down the length of cables to easily remove the jacket. Adjustable blade can be used on multiple and single conductor cable 4.5 mm to 25 mm (3/16" to 1") O.D.

#360-720 \$17.64 (1-5) \$16.27 (6-UP)

Wire Cutter/Crimpers **GB**

Made of drop forged steel, this heavy duty crimper features insulated handles and diagonal cutter nose. Length: 8".

#360-620 \$9.50 (1-5) \$8.80 (6-UP)

Wire Stripper/Crimper **GB**

For 10-22 AWG wire, this versatile tool features a wire cutter, stripper, crimper, bolt cutter, and rethreader. Works with insulated and non-insulated terminals. Cushioned grip for maximum comfort.

#360-630 \$7.63 (1-5) \$7.06 (6-UP)

Automatic Wire Stripper/Crimper **GB**

Deluxe automatic stripper features one squeeze cutting and stripping action with spring return. Crimps 10-22 AWG insulated terminals and 4-22 AWG non-insulated terminals. Strips 10-26 AWG wire.

#360-640 \$18.95 (1-5) \$18.43 (6-UP)

Pro Crimp Tool for Non-Insulated Terminals

High quality crimping tool for non-insulated terminals features hardened and polished steel alloy construction and positive ratcheting action. Red cushion handles for comfortable operation. 12-3/8" in length. Larger tool available for heavier gauge wire.

#360-644 (20-6 ga.) . . . \$37.70 (1-5) \$35.58 (6-UP)

#360-646 (8-2 ga.) . . . \$39.71 (1-5) \$38.33 (6-UP)

Nibbling Tool

Nickel plated tool cuts up to 18 gauge unhardened metals and plastics. Ideal for making square holes for fuse holders, switches, indicator lamps, etc. 7" in length.

#360-022 \$9.75 (1-5) \$8.80 (6-UP)

Stahl Tools Compact Hacksaw

NEW

Hack saws are necessary for cutting metal, plastic and a wide array of materials. When a full-size hack saw won't do, this compact hacksaw is ideal. The zinc alloy handle has a plastic grip for stability and comfort and includes a 10" hardened steel saw blade.

#374-124 . . . \$5.99 LIST \$3.90 (1-4) \$3.70 (5-UP)
