## Quick Charge Cordless Soldering Iron #7800

The Iso-Tip Quick Charge is the fastest charging cordless on the market today. High quality nickel cadmium batteries provide only 1 hour charge time. Solders up to 125 joints per charge. Includes cordless iron, recharging stand, two tips, and instructions. 120 VAC. Replacement battery #370-219.

**#370-220** ..... **\$65.50** (1-3) **\$59.90** (4-UP)

## Parts & Accessories

Tools & Tech Aids

**Weller®** Whatever the soldering job, Weller® has the solution for your needs.

## Weller WLC100 Soldering Station

The Weller WLC100 soldering station is ideal for the professional, serious hobbyist, or kit builder who demands higher performance than usual of a standard iron, but without the high cost of an industrial unit. Power is adjustable from 5 to 40 watts. Includes 40 watt pencil iron. UL approved. 120 VAC. Replacement sponge #372-118.

**BEST SELLER**

**#372-120** ..... **\$.57.48** EACH

## Weller WES51 Soldering Station

Weller's innovative WES51 is an ideal station for continuous production soldering, and its economical price makes it a good station for occasional users. Temperature is adjustable from 350°-850° F. Includes 50 watt slim profile iron. UL approved. 120 VAC. Replacement sponge #372-119.

**#372-145** ..... **\$132.63** EACH

## Weller Thermo-Boost Heat Tool

The Thermo-Boost is a 27 watt continuous heat tool that turns into a high-performance 130 watt soldering gun with a squeeze of the trigger. Press the Thermo-Boost trigger and it quickly heats to 950°F, handling most soldering jobs with ease. Comes with 6 accessory tips: Conical soldering, "Screwdriver" soldering, scoring, rope cutting, foam cutting, and a smoothing tip.

**#372-040** ..... **\$.24.76** EACH

## Cordless Soldering Iron #7700

Nickel cadmium batteries provide the power for up to 125 solder joints. Completely recharges in 3 to 4-1/2 hours. Includes cordless soldering iron, recharging stand, two tips, and instructions. 120 VAC. Replacement battery #370-216.
