

From their inception, WattGate™ products were conceived to be different and offer unparalleled performance and durability. They combined those ideals with the finest materials, designs and state-of-the-art manufacturing processes. The result is a system of AC power connectors in a class by themselves. All WattGate™ connectors are cryogenically treated.

WattGate™ 381 Audio Grade Receptacle

The WattGate™ 381 construction is very durable and features glass-filled, nylon-tough front and rear housings. The mounting strap, rivets and grounding strip are gold plated, solid brass. The contacts are configured in a triple-wipe design to allow the plug blade to be gripped at three separate points. The contacts are made of very heavy-duty material to maximize clamping and ensure conductivity. A three-layer plating process is also completed on the 381: Oxygen free copper plating, electroless nickel, and finally 24k gold plating dramatically improves conductivity and prevents corrosion. Receptacle is 125V, 20 amp.

#110-439 \$147.72 (1-3) \$140.33 (4-UP)

WattGate™ 350i HC (20 Amp) Audio Grade IEC Connectors

- Elegant polycarbonate rear housing
- Available in black or clear
- Designed to accommodate cable diameters from 0.300" (7.62 mm) to 0.655" (16.63 mm)

The 350i HC contacts are large and designed to possess a high spring rate to securely grip the connector on the component. In addition, a three-layer plating process is added: Oxygen free copper plating, electroless nickel, and finally 24k gold plating dramatically improves conductivity and prevents corrosion. Plugs are 125V, 20 amp and accept up to 10 gauge wire.

#110-449 (Clear Body)
#110-448 (Black Body) \$97.82 (1-3) \$92.93 (4-UP)

WattGate™ 320i HC (20 Amp) IEC Connectors

- Heavy-duty vinyl connector body
- Available in black or clear
- Low resistance connector
- Plugs are 125V, 20 amp and accept up to 10 gauge wire

#110-446 (Clear Body)
#110-444 (Black Body) \$31.64 (1-3) \$30.06 (4-UP)

WattGate™ Silver Audiophile Electrical Connectors

- Super thick contact tangs
- Perma-Lock™ terminals
- Three-layer plating process
- Durable nylon-tough front housing
- 125V and can accept up to 10 gauge wire

#110-427 #110-428 #110-429

Looking for the best for your home theater system? The WattGate Silver electrical plugs are designed to deliver the best electrical connection possible.

Part #	Description	Price (1-3)	Price (4-UP)
110-427	330i AG Edison connector	\$77.92	\$74.02
110-428	350i AG 15 AMP IEC connector	\$77.92	\$74.02
110-429	350i AG HC 20 AMP IEC connector	\$97.82	\$92.93

Belden Audiophile Grade Power Cable

This high quality power cable has become the leading wire for custom designed power cables. This 12 AWG cable features (7x20) tinned copper conductors, Teflon® insulation, 100% Beldfoil® shield with 85% tinned copper braid shield and a Teflon jacket. UL approved CMP, and rated for plenum use. Priced and sold per foot.

#100-790 \$11.99 LIST \$9.85 (1-9) \$9.00 (10-UP)

WattGate™ 320i IEC Connectors

- Heavy-duty vinyl connector body
- Available in black or clear
- Superior low resistance connector
- Plugs are 125V, 15 amp and accept up to 10 gauge wire

#110-430 (Clear Body)
#110-432 (Black Body) \$19.80 (1-3) \$18.50 (4-UP)

WattGate™ 5266i Power Connectors

- Perfect for replacement or building your own power cords
- Heavy-duty vinyl connector body is available in black or clear
- Front housing features a glass filled heat stabilized nylon
- Plugs are 125V, 15 amp and accept up to 10 gauge wire

#110-442 (Clear Body)
#110-440 (Black Body) \$12.87 (1-3) \$12.23 (4-UP)

WattGate™ 350i Audio Grade IEC Connectors

- Durable, polycarbonate rear housing
- Available in black or clear
- Removable insert can accommodate cable diameters from 0.300" (7.62 mm) to 0.655" (16.63 mm)
- Plugs are 125V, 15 amp
- Accepts up to 10 gauge wire

#110-434 (Clear Body)
#110-435 (Black Body) \$77.92 (1-3) \$74.02 (4-UP)

WattGate™ 330i Audio Grade Power Connectors

- Fast, simple installation and worry-free performance.
- Polycarbonate rear housing
- Available in black or clear
- Removable insert that can accommodate cable diameters from 0.300" (7.62 mm) to 0.655" (16.63 mm)

Super thick contact tangs are used along with a three-layer plating process: Oxygen free copper plating, electroless nickel, and finally 24k gold plating dramatically improves conductivity and prevents corrosion. Plugs are 125V, 15 amp and accept up to 10 gauge wire.

#110-436 (Clear Body)
#110-437 (Black Body) \$77.92 (1-3) \$74.02 (4-UP)

WattGate™ 15RA Right Angle Rear Housing

The 15RA right angle housing is ideal for use when space is limited. It accepts both Edison and IEC connectors. This is an adaptive rear housing not a plug. It is still necessary to purchase a WattGate™ connector.

#110-431 \$9.87 (1-3) \$9.38 (4-UP)

Snap-On Ferrite Cores

Black plastic enclosed ferrite core for AC power cords available for three different size cord diameters 1/4", 3/8" and 1/2". Easy to install, simply snap around cord. Helps reduce EMI on AC power lines. Cable core filter will provide common-mode filtering for multi-strand cables and differential mode filtering for single conductors.

Part #	Shape	Cord Dia.	Dimensions	Price (1-9)	Price (10-UP)
110-450	Round	1/4"	1-3/8" L x 3/4" D	\$1.35	\$1.05
110-452	Square	3/8"	1-1/4" L x 3/4" D	1.95	1.50
