

## Dayton Audio In-Wall Mounting Systems

- Create your own custom in-wall speakers
- Utilizes the exclusive B-REX replaceable baffle system

Dayton Audio® takes speaker building to the wall with in-wall mounting systems. Got a great speaker design? Create center channel and surrounds to match your stereo speakers, for a complete custom home theater system.

System comes complete with frame, blank baffle, grill, mounting template, and hardware. Sold individually.

This mounting system is compatible with the Baffle Replacement and EXchange (B-REX) system, which allows the front baffle to be easily removed for prototyping and construction.

Part #	Model #	Woofers Size	Dimensions (H x W)	List Price	Price Each
<b>302-520</b>	IMS-711	Up to 6-1/2"	12-1/8" x 8-5/8"	\$30.99	<b>\$23.32</b>

## Dayton Audio Finished Subwoofer Cabinets

Dayton Audio makes it easier for you to build that awesome subwoofer you've always wanted! SWC Series pre-made cabinets are precision CNC cut from 3/4" MDF (the speaker cabinet material of choice) and then assembled with ultra-strong polyurethane glue. Each meticulously sanded and primed enclosure is painted with three coats of textured matte black enamel, creating a durable, long lasting finish. All edges have a 1/4" roundover; a 1" grill wrapped in black cloth completes the aesthetically pleasing design. Available with or without cutouts for amplifier and woofer.

## Cabinets & Cabinet Covering

### TriTriX MTM TL Components Kit

The TriTriX MTM speaker design is hailed by DIYers as one of the best reasons to build your own! Parts Express takes this design one step further in the form of the TriTriX RD Recession Destroyer kit. Everything you need to build a pair of the renowned TriTriX MTM speakers is included, except cabinets. Over \$200 worth of components has been discounted to almost HALF of the original combined price!

#### Package includes:

- (2) Dayton Audio DC28FS-8 shielded silk dome tweeters
- (4) Dayton Audio DC130BS-4 classic shielded woofers
- (2) 2.50mH 18 AWG air core inductors
- (2) 0.60mH 18 AWG air core inductors
- (2) Dayton Audio DMPC-10 10uF-250V polypropylene caps
- (2) Dayton Audio DMPC-20 20uF-250V polypropylene caps
- (2) Dayton Audio DNR-2.4 ohm 10W resistors
- (2) Gold binding post pairs
- (2) Acousta-Stuf Polyfill 1 lb. bags

*Note: Crossover parts and speaker terminals shipped may vary from list but are guaranteed to be equivalent.*

**#300-700** ..... \$249.99 LIST **\$119.99** EACH

### TriTriX MTM TL Knock Down CNC Cabinet Pair

These knock-down TriTriX MTM transmission line (TL) cabinets save you time and money. Precision CNC cuts offer accuracy comparable to the craftsmanship of a master woodworker—maybe even better! 3/4" MDF construction ensures maximally damped enclosures to prevent annoying resonances that color the sound. Cabinets ship unassembled, but are simple, quick, and easy to assemble. Wood screws included. Free shipping for continental US customers. Sold in pairs.

*Note: Wood glue or polyurethane glue recommended and sold separately.*

**#300-701** ..... \$149.99 LIST **\$98.00** PAIR

## Dayton Audio Finished Subwoofer Cabinets

Dayton Audio makes it easier for you to build that awesome subwoofer you've always wanted! SWC Series pre-made cabinets are precision CNC cut from 3/4" MDF (the speaker cabinet material of choice) and then assembled with ultra-strong polyurethane glue. Each meticulously sanded and primed enclosure is painted with three coats of textured matte black enamel, creating a durable, long lasting finish. All edges have a 1/4" roundover; a 1" grill wrapped in black cloth completes the aesthetically pleasing design. Available with or without cutouts for amplifier and woofer.

#### Without cutouts (cut your own holes per your design):

Part #	Model #	Net Volume Cu. Ft.	External Dim. (H x W x D)	Price Each
<b>302-800</b>	SWC-1	1.0	14" x 14" x 14-1/4"	<b>\$124.20</b>
<b>302-810</b>	SWC-2	2.0	17" x 17" x 17-1/4"	<b>158.20</b>
<b>302-820</b>	SWC-3	3.0	19-1/8" x 19-1/8" x 19-3/8"	<b>189.44</b>

#### With cutouts (for designated woofer and sub amp):

Part #	Model #	Description	Price Each
<b>302-802</b>	SWC-1CO	Cutout for 10" woofer and SA240 amp	<b>\$124.20</b>
<b>302-812</b>	SWC-2CO	Cutout for 12" woofer and HPSA amp	<b>158.20</b>
<b>302-822</b>	SWC-3CO	Cutout for 15" woofer and HPSA amp	<b>189.44</b>
