Cabinet Hardware & Accessories

Bar Style Speaker Grills

Attractive bar style speaker grills will make a dramatic addition to your subwoofer or speaker system. The unique heavy-duty bar design protects your speakers from large impacts while the sleek, open design will not vibrate or cause chuffing sounds. The raised construction allows even the highest-excursion woofer to move its full stroke without interference. Can be used in conjunction with the two-piece or standard speaker grills for even more protection. Great for automotive installations or for protection in extreme pro sound venues. Available in chrome or flat black. Sold individually.

Part #	Speaker Size	Color	Price (1-3)	Price (4-UP)
260-440	10"	Chrome	\$7.90	\$7.39
260-441	10"	Black	7.90	7.39
260-442	12"	Chrome	9.25	8.59
260-443	12"	Black	9.25	8.59
260-444	15"	Chrome	10.50	9.40
260-445	15"	Black	10.50	9.40

Driver Mounting Kit

Heavy duty mounting kit for large drivers, handles, or other applications where strength is needed. Black, anodized 2", 1/4"-20 screws with spiked "T" nuts. 4 each per package.

#260-775 \$1.46 (1-9 PKGS) \$1.28 (10-49 PKGS) \$1.14 (50-UP PKGS)

Cast Frame Driver Mounting Kit

Heavy duty mounting kit for cast frame drivers. They feature black, anodized 1-1/2" long, cap head machine screws. The hex drive cap screws will not damage the front gasket and provides a professional finish to your installation. Available in two sizes, #10-32 (up to 10" drivers) and 1/4"-20 (12" drivers and up). #10-32 is perfect for use with Titanic Mk III subs. Each kit includes 8 screws and 8 spiked T-nuts.

Part #	Size	Price Per Pkg. (1-9)	Price (10-UP)
260-776	#10-32	\$3.39	\$2.87
260-778	1/4"-20	3.39	2.87

Grill Guides

Ball and socket type grill guides for attaching speaker grill to cabinet. To use, simply drill the appropriate size holes in cabinet and grill frame. 12 pair per package. Available in two sizes. Use the large size when your grill frame material is thicker than 1/2". The large size requires a 7/16" hole in the grill for the male (ball) and a 9/16" hole in the cabinet for the female (socket). Use the small size when your grill frame material is between 1/4" to 1/2" thick. The small size requires a 3/8" hole in the grill for the male (ball) and a 7/16" hole in the cabinet for the female (socket).

#260-367 (Large) \$2.55 (1-9 PKGS) \$2.30 (10 PKGS-UP)
 #260-368 (Small) \$2.33 (1-9 PKGS) \$1.97 (10 PKGS-UP)

Press-Fit Grill Guides

Contemporary press-fit grill guides for attaching grills to cabinets. These do not "snap-in" like conventional ball and socket designs, but instead offer gentle friction-based holding power. This means that even if the guide is not inserted all the way, it will still hold your grill in place. To use, simply drill a 7/32" hole for the pin side and an 11/32" hole for the socket side. Can be used with grills as thin as 1/4". Note: These are the same grill guides as used in the .25 cu. ft. through 1.0 cu. ft. MTM finished speaker cabinets.

#260-366 (8 pairs per package) \$1.50 (1-9 PKGS) \$1.35 (10 PKGS-UP)

2-Piece Mesh Grills

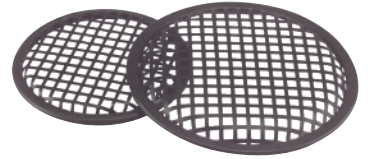

Very convenient and fast way to put grills on auto speakers and P.A. equipment. 2 piece construction allows you to mount ring and woofer with one set of screws and snap grill over entire assembly. Installed screws are not visible. Sold individually. Heavy duty expanded steel mesh design.

Part #	Speaker Size	Price (1-9)	Price (10-49)	Price (50-UP)
260-420	5-1/4"	\$4.50	\$3.95	\$3.15
260-418	6"	4.85	4.25	3.59
260-422	6-1/2"	4.95	4.50	4.03
260-424	8"	6.90	6.20	4.97
260-426	10"	10.25	9.26	7.53
260-428	12"	12.50	11.90	10.50
260-430	15"	17.00	15.35	14.01

Speaker Grills

Value priced grills are made of 0.7 mm thick medium duty steel mesh. Rubber edges reduce vibration and facilitate mounting. Sold individually. Mounting kits sold separately below.

Part #	Speaker Size	Price (1-9)	Price (10-UP)
260-370	5"	\$2.13	\$1.70
260-371	6"	2.58	2.00
260-372	8"	2.71	2.19
260-373	10"	3.80	3.04
260-374	12"	6.17	5.10
260-375	15"	7.60	6.68
260-376	18"	12.25	10.49

Plastic Grill Clamp Kit

Grill clamp kit for use in economy installations. Includes black plastic clamps, black 1/4"-20 screws, and spiked T-nuts. 4 each per package (enough for one grill).

#260-340 \$2.15 (1-9) \$2.00 (10-49) \$1.74 (50-UP)
