

Atlas Sound Strategy Series® Landscape and Garden Speakers

- Green finish blends well into most landscaped areas
- 8" coaxial speaker with a great sounding 360° horizontal dispersion
- Available in 70.7V and 8 ohm, surface mount and in-ground versions
- Two-piece design allows for a two-phase installation
- Five-year manufacturer's warranty

The ATS183 series garden speakers, designed for theme parks, hotels, or any architecturally landscaped area, simplify installation and deliver deep, rich sound. They are available in both 8 ohm and 70V versions with two different base styles; a short base for surface mounting and the other has a deeper base for in-landscape burial. The enclosure is constructed of weather resistant, rotationally molded HDPE material to ensure performance and maintain a good appearance for years to come.

Specifications: • Power handling: 75 watts RMS • 70.7V Taps: 8, 16, 32 watts (70V models only) • Frequency response: 43 Hz-20 kHz • Sensitivity: 89.5 dB 1W/1m • Dimensions: Head/Base: 15.12" dia.; Short base: 13.1" H; Tall base: 20.95" H.

Atlas Sound 70.7V Commercial Attenuators

- Available in stainless steel and Decora styles
- 10 attenuation steps plus positive off
- Mounts into most 1-gang boxes
- UL Listed

High-quality auto transformer series provides the advantages of excellent frequency response, low insertion loss, and reliable performance for volume control applications in 25 and 70.7V systems. Attenuation is accomplished in ten make-before-break steps plus positive off position. Contacts are silver plated for noise-free operation. Features a removable terminal block. Attenuation per step: 3 dB. Plate size: 1 gang. UL Listed/Standard: 813, 2043.

AT Stainless Steel Series

- Includes stainless steel plate with stamped and filled dial scale and a skirted black knob

Atlas Sound Strategy Series® II Coaxial Loudspeaker Systems

- High performance Atlas Sound coaxial loudspeakers in a versatile, flyable, wood enclosure
- Durable, black, rough-coat finish with an attractive, heavy-duty grill assembly
- Includes internal, high efficiency 60 watt 70.7/100V transformer (may be bypassed for 8 ohm operation)
- Barrier strip input for 70.7/100V/8 ohm or parallel 4-pole Speakon® input for 8 ohm operation only

#242-834

The SM8CXT-B and SM12CXT-B feature the high efficiency and pattern control of Atlas Sound's compression driver coaxial loudspeakers in a new, highly versatile enclosure system. Internal hardware, for flying, includes multiple (12) 1/4"-20 inserts for overhead suspension in most any orientation.

SM8CXT-B 8" Coaxial Speaker System

Specifications: • Power handling: 150 watts RMS • 70.7V Taps: 7.5, 15, 30, 60 watts (plus xfmr. bypass for 8 ohm operation) • Frequency response: 60 Hz-15 kHz • Sensitivity: 92 dB 1W/1m • Net weight: 19 lbs. • Dimensions: 15-1/2" H x 10-5/8" W x 10-3/8" D.

#242-830 \$450.00 LIST **\$337.81** EACH

SM12CXT-B 12" Coaxial Speaker System

Specifications: • Power handling: 250 watts RMS • 70.7V Taps: 7.5, 15, 30, 60 watts (plus xfmr. bypass for 8 ohm operation) • Frequency response: 55 Hz-15 kHz • Sensitivity: 99 dB 1W/1m • Net weight: 39 lbs. • Dimensions: 19" H x 14-1/2" W x 14-1/16" D.

#242-834 \$619.00 LIST **\$455.92** EACH

Atlas Sound 417-8WD Sloped Front Wooden Baffle

This sloped front wooden baffle is ideal for installations that require the aesthetics of classic enclosure design, particularly classrooms, offices, reception areas, and retail outlets. Offered for use with 8" loudspeakers and features a baffle/enclosure with walnut grain laminate, black fabric cloth grill, and a 9.5° slope for directional sound dispersion. Mounting studs facilitate the installation of standard 8" loudspeakers. Dimensions: 9-1/2" W x 10-1/2" H x 5-1/2" (top) / 3-3/4" (bottom) D. Speaker not included.

#242-860 \$22.00 LIST **\$19.76** (1-5) **\$18.77** (6-UP)

Atlas Sound 8" Ceiling Speaker Packages

Atlas Sound's cost effective 8" diameter, multi-purpose ceiling speaker packages offer high quality music reproduction or paging in any commercial, retail, industrial, or institutional application. Both packages include factory-installed line matching transformer, factory installed CRS white powder coat baffle with concealed loudspeaker mounting studs, and screw mount hardware. UL Listed/Standard 1480, 2043. Sold individually.
