Power Conditioning

Classic Series Power Conditioners **FURMAN**

Furman has been designing, developing, and manufacturing professional electronic products since 1974, and is a world leader in the power conditioning and signal processing markets!

PL-8 C Power Conditioner

- 2 retractable, low-heat LED lights with dimmer switch for rack illumination
- 15 amp/1,800 watt rating, with circuit breaker
- SMP (Series Multi-stage Protection) for lower noise with extreme voltage shutdown
- LiFT (Linear Filtering Technology) with zero ground contamination
- Optional BNC gooseneck light attachments for rear rack lighting (sold separately)

#248-778 \$209.00 LIST **\$179.95** EACH

PL-PLUS C Power Conditioner

Same as 248-778 but adds: • Segmented LED voltmeter which monitors and displays incoming line voltage.

#248-779 \$269.00 LIST **\$229.95** EACH

PL-PLUS DMC Power Conditioner

Same as 248-778 but adds: • Large digital voltmeter/ammeter which displays line voltage and true RMS current draw.

#248-781 \$369.00 LIST **\$309.95** EACH

PL-PRO DMC Power Conditioner

- Large digital voltmeter/ammeter which displays line voltage and true RMS current draw.
- 20 amp/2,400 watt rating with circuit breaker and 20A plug

#248-782 \$499.00 LIST **\$419.95** EACH

PS-PRO II Power Conditioner/3-Step Sequencer

- 6 sequenced rear panel outlets (in 3 groups)
- 2 switched rear panel outlets, and one front panel switched outlet
- Momentary and maintained sequencing via rear panel terminal block or front panel switch
- 20 amp rating

#248-754 \$499.00 LIST **\$429.95** EACH

FURMAN SS-6B Surge Protected Outlet

- 6 outlet block
- Heavy duty metal construction
- 15 ft. power cord
- Lit On/Off switch
- Circuit Breaker
- EMI/RFI noise attenuation

#248-759 **\$29.95** EACH

Furman Merit X Series Power Conditioners

A Merit X Series Power Conditioner is the perfect low-cost AC power solution for any rack mount system. Install an M-8x, M-8Lx, or M-8Dx in to the top slot of your rack, and the eight switched outlets in the rear panel will power up and protect all your equipment up to a 15A load.

M-8x Power Conditioner

- AC noise filtering to reduce radio frequency and electromagnetic interference (RFI/EMI)
- Spike & surge protection ensures equipment stays safe and your power stays clean
- 9 total outlets—8 rear panel outlets and 1 front panel outlet
- Rear outlets have been spaced to accommodate even the bulkiest of wall warts and adapters
- 15 amp rating, with circuit breaker
- Front panel indicator LED lets you know that your equipment is being protected
- Three-year limited manufacturer's warranty

Specifications: • Line cord: 6 ft., captive, 14 AWG, with 3-conductor Edison plug • Operating voltage: 120 VAC, 60 Hz • Energy dissipation: 170 joules • Dimensions: 1.75" H x 19" W x 7.5" D.

#248-783 \$70.00 LIST **\$59.95** EACH

M-8Lx Power Conditioner

All the great features of the M-8x but adds two slide out, swiveling light fixtures to provide discreet illumination of your equipment on stages, in studios, and in other dark places. A dimmer knob lets you adjust the lamp brightness to just the right level.

#248-784 \$110.00 LIST **\$89.95** EACH

M-8Dx Power Conditioner

All the great features of the M-8Lx but adds a bright red, three-digit LED voltmeter that displays incoming line voltage.

#248-785 \$150.00 LIST **\$124.95** EACH

Furman D10-PFP Power Distributor

- 10 rear panel outlets for your equipment
- Sturdy one rack-space design
- Heavy duty 6 ft., 14 AWG power cord
- Circuit breaker protected
- All steel construction

The D10-PFP is a sturdy, rack-mountable power distributor. Featuring 10 rear panel outlets with circuit breaker, it offers a convenient way to power a rack full of equipment up to a 15 amp load. The sturdy, all steel construction and heavy-duty 6 ft. (14 AWG) three conductor cord provide ultimate durability and longevity.

Specifications: • Maximum output current: 15 amps (1,800 watts at 120 VAC) • Operating voltage: 90 to 140 VAC • Dimensions: 19" W x 7.5" D x 1.75" H • Power consumption: 0 watts • Safety agency listing: cULus.

#248-786 **\$49.00** EACH

Note: The D10-PFP is a power distributor only, and offers no surge protection or conditioning functions, making it an ideal extension to an existing branch circuit.

AR-1215 Voltage Regulator/Conditioner

- Delivers a stable 120 VAC if the input voltage is between 97V and 141V
- Eight-tap toroidal autoformer
- 10-LED bar-graph Input Voltage meter
- Extreme over/undervoltage causes instant shut down, protecting equipment

#248-756 \$629.00 LIST **\$549.95** EACH
