**Dayton Audio FB Series Connector Floor Boxes**

• Attractive and durable way to conceal connections • Brass and steel construction • Available in 2 sizes • Choice of black or brass finish • Connector plate is removable for easy installation • Ideal for theaters, schools, and houses of worship • Accepts standard knockout fittings

Dayton Audio floor boxes provide an attractive, convenient, and durable means of temporarily connecting mic, line, or speaker cables. Although built to withstand the wear and abuse of floor mounting, they may also be wall mounted whenever that application requires a sleek, stealthy appearance.

The floor boxes are available in 2 sizes: the smaller FB5X, which features 2 female XLR and 2 female 1/4" connectors mounted in a handy spring-loaded pop-up lid; and the larger FB6X with 6 female XLR and 2 female 1/4" connectors in a deep-well housing that permits the lid to be closed when in use. Available in durable black enamel and natural brass finishes. FB5X faceplate dimensions: 4.75" x 4.75"; FB6X faceplate dimensions: 5.75" x 5.75".
