 3-pin XLR female (front) to male (rear)

ProCo Stainless Steel Wall Plates

Attention Installers! These pre-assembled wall plates are constructed of a brushed 430 stainless steel alloy and utilize some of the highest quality, brand-name connectors available. The connectors are riveted for durability and all conductors are panel isolated. All wall plates conform to NEMA box standards. Mounting screws are included.

PPSN Series 8 ChannelSnake Cables

- Eliminate messy, expensive patch cables
- Convenient, reliable connectivity
- Great for all pro audio applications
- Channel identification markings
- Available in 18 ft. and 9 ft. lengths

Pyle Pro's snake cables provide connectivity for studios, stage rigs, and PA systems. The PPSN 8-channel snakes are what musicians, DJs, and sound engineers have been looking for—a reasonably priced solution to the problem of complicated and tangled system wiring. Road-proven connectors and durable yet flexible cable jackets help get the job done, night after night. Simple cable identification markings make quick re-patching easy. All 1/4" connectors are unbalanced, except the PPSN827 and PPSN817 balanced tip-ring-sleeve (TRS) 1/4" cables.

Part #	Mfg. #	Connectors	Length	List Price	Price (1-3)	Price (4-UP)
