StageMASTER® Multipair Audio Snakes

#241-664

#241-694

- Ideal for weekend bands and fixed sound system installations
- Reliable "no solder" contact points eliminate highly resistive connections
- Extruded aluminum stagebox for durability

Re-engineered from the stagebox to the connectors for even greater reliability, the StageMASTER® multipair cables are an ideal choice for church groups, fixed installations, schools and "one-nighter" portables. All StageMASTER® snakes are backed with ProCo's 3-year limited warranty. Made in the USA.
