## Dual® HD Radio™ In-Dash FM/AM CD Receivers

- Built-in HD Radio™ tuner provides static-free digital music—all subscription free
- Front panel AUX input (3.5 mm) for iPod® or MP3 players
- MP3 and WMA encoded CD-R/RW playback
- Black/white dot matrix type display
- Rotary encoder control with electronic volume, bass, treble, balance, fader

Dual's HD Radio™ receivers allow playback of your favorite MP3 and WMA files recorded on CD-R/RW discs. The XHD6425 adds a front-panel USB port and optional Bluetooth® Wireless Technology allowing you to take portable devices to the next level. Both models feature a built-in HD Radio™ tuner providing the richest, most rewarding listening experience with static-free digital music—all provided subscription free.
