All-Weather Nylon Butt Connectors

These heat shrinkable, nylon butt connectors feature an all weather seal. Installation is simple. Select the correct butt connector for the wire gauge, strip wires and insert into crimp barrel, crimp connection using the correct tool, then apply heat until the tubing shrinks and adhesive/sealant flows making a water-tight connection. Available in four different sizes.

Gold Plated Screw Type Spade Terminal

This high quality gold plated spade terminal is designed for a great finished look and maximum signal transfer. It features a hex screw type wire tension system for super secure wire connections.

- Dimensions: Inner post diameter: 5.5 mm
- Outer post width: 8 mm
- Height: 12 mm
- Length: 19 mm
- Sold individually.

#095-678 \$3.99 LIST **\$2.50** (1-3) **\$2.25** (4-UP)

8 AWG Amplifier Installation Kit

Low cost power transfer for up to 400 watts of amplification. Kit includes 20 ft. 8 gauge red power cable, 4 ft. 8 gauge black ground cable, 16 ft. gold plated RCA to RCA cable, 16 ft. 18 gauge remote turn-on wire, in-line waterproof AGU fuse holder with 60 amp fuse, 3 ft. split loom tubing, cable ties and all the necessary gold plated terminals for power and ground cables.

#265-035 \$34.99 LIST **\$28.75** (1-3) **\$26.50** (4-UP)

Battery Post Terminal Pair

High quality gold plated battery clamp pair. Perfect for upgrading from original factory clamps. Stamped with polarity symbols for easy identification.

#263-610 \$12.50 (1-3) **\$10.50** (4-UP)

4 AWG - 8 AWG Distribution Block

Solid brass block with connections for (1) 4 AWG wire input from battery and (4) 8 AWG wire outputs for power to the amplifiers. Recessed set screws hold the wire in place. Brass block is completely insulated with clear plastic to prevent accidental shorting.

#265-800 \$5.98 (1-3) **\$5.22** (4-UP)

Wire Cutter/Crimpers

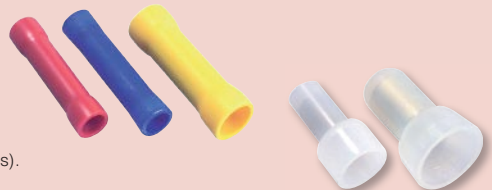

Made of drop forged steel, this heavy duty crimper features insulated handles and diagonal cutter nose. Length: 8".

#360-620 \$9.50 (1-5) **\$8.80** (6-UP)

Solderless Terminals

These low cost, high quality solderless crimp terminals are the perfect choice for your automotive, stereo, or alarm installation, as well as many other wiring projects. All crimp terminals are vinyl insulated (except large gauge ring terminals).
