

### Auto Sound Fuseholders

Part #	Description	Price (1-3)	Price (4-UP)
070-660	Waterproof AGU fuseholder, gold w/screw mounts for 4 or 8 gauge wire	\$7.09	\$6.50
070-800	Prewired AGU/AGC fuseholder, 8 ga. red wire, 50A capacity	3.25	2.98
070-850	Gold plated AGU/5AG fuse block, three 4 ga. inputs with 2 fused 8-12 ga. outputs, 75A per branch, 150A max, clear plastic case	9.86	9.29
070-820	Same as above but with three 4 ga. inputs and 4 fused 8-12 ga. outputs, 75A per branch, 300A max	14.24	13.19
263-630	Wafer fuseholder, gold plated contacts	5.58	4.51
263-640	Heavy duty waterproof wafer fuseholder, gold plated contacts, screw mount for 4-8 gauge wire.	16.90	15.78

### P3 Power Distribution Blocks

P3 distribution blocks are precisely machined from solid brass for best power transfer, and then plated with your choice of gold or simulated platinum finishes for long-lasting good looks. They are mounted on an insulating plastic base and have removable clear covers. Available in 1x4 ga. in/4x8 ga. out, or 1x4 ga. in/2x8 ga. out versions.

Part #	In	Out	Finish	Price (1-3)	Price (4-UP)
263-671	1 x 4 AWG	4 x 8 AWG	Gold	\$6.97	\$5.84
263-672	1 x 4 AWG	4 x 8 AWG	Platinum	6.97	5.84
263-673	1 x 4 AWG	2 x 8 AWG	Gold	6.97	5.84
263-674	1 x 4 AWG	2 x 8 AWG	Platinum	6.97	5.84

### P3 Power Distribution Blocks

Solid brass construction for strength and conductivity, gold or simulated platinum plating for long lasting protection from corrosion and tarnish. The P3 fused power distribution blocks accept AGU style fuses and enclose them in a waterproof clear plastic cover. Available in 3x4 ga. in/2x8 ga. out, or 3x4 ga. in/4x8 ga. out versions. Fuses sold separately.

Part #	Description	In	Out	Finish	Price (1-3)	Price (4-UP)
263-687	2-out	3 x 4 AWG	2 x 8 AWG	Gold	\$11.90	\$ 9.30
263-688	2-out	3 x 4 AWG	2 x 8 AWG	Platinum	11.90	9.30
263-689	4-out	3 x 4 AWG	4 x 8 AWG	Gold	14.80	12.35
263-690	4-out	3 x 4 AWG	4 x 8 AWG	Platinum	14.80	12.35

### P3 In-Line ANL Fuse Holders

The P3 inline fuse holders are precision-built using plated brass conductors and will accept an ANL style fuse of up to 150 amps current capacity. They will accept 1/0 ga. wire at the input and output, and their plastic cases and rubber "O"-rings guarantee a watertight connection. Available in a choice of gold or simulated platinum finishes, fuses available and sold separately.

Part #	Finish	Price (1-3)	Price (4-UP)
263-691	Platinum	\$14.50	\$12.75
263-692	Gold	14.50	12.75

### P3 Battery Terminals with Covers

The P3 battery terminals are crafted from solid brass for durability and maximum conductivity, and then finished with your choice of durable gold or simulated platinum. The tri-oval style terminals include a clear plastic cover, and a hex bolt for mounting ring-type connectors; the more traditional block-style terminals offer greater output connection options. All styles feature both 4 ga. and 8 ga. set screw outputs, with the block terminals offering an additional 1/0 ga. output. Polarity is marked on each terminal.

Part #	Description	Style	Finish	Outputs (# and ga.)	Price (1-3)	Price (4-UP)
263-676	(+) Positive	Tri-oval	Gold	1x4/1x8	\$6.80	\$5.65
263-675	(-) Negative	Tri-oval	Gold	1x4/1x8	6.80	5.65
263-677	(+) Positive	Tri-oval	Platinum	1x4/1x8	6.80	5.65
263-678	(-) Negative	Tri-oval	Platinum	1x4/1x8	6.80	5.65
263-679	(+) Positive	Block	Gold	1x0/1x4/2x8	4.90	4.25
263-680	(-) Negative	Block	Gold	1x0/1x4/2x8	4.90	4.25
263-681	(+) Positive	Block	Platinum	1x0/1x4/2x8	4.90	4.25
263-682	(-) Negative	Block	Platinum	1x0/1x4/2x8	4.90	4.25

### P3 Platinum Finished High-Power Ring Terminals

Serious power requires a serious connector, and the P3 ring terminals get the job done with style. Solid construction and a beautiful simulated platinum finish at a price that will get you hooked up. 5/16" ring size. Sold in pairs, color stripe indicates polarity.

Part #	Wire Size	List Price	Price (1-3)	Price (4-UP)
263-683	1/0 AWG	\$19.95	\$9.85	\$8.80
263-684	2 AWG	18.95	9.20	8.20
263-685	4 AWG	17.95	8.15	7.30
263-686	8 AWG	15.95	7.45	6.70

### P3 Twisted Pair "Balanced" RCA Stereo Cables

These premium cables offer low noise, twisted pair, balanced construction at a great price! Their carefully wrapped twisted conductor pairs provide effective shielding combined with lower residual ground noise. Each pair is terminated with durable metal RCA connectors that feature a beautiful simulated platinum finish.

Part #	Length	List Price	Price (1-3)	Price (4-UP)
263-207	3 ft.	\$ 9.99	\$5.95	\$5.65
263-208	6 ft.	12.99	6.40	4.95
263-209	12 ft.	15.99	9.27	7.50
263-210	16 ft.	18.99	10.37	8.66
263-211	25 ft.	21.99	12.87	11.28

### P3 Metal Shell RCA Connectors

P3 performance and value for do-it-yourself audio installations. These heavy-duty metal shell RCA connectors feature a satin nickel finish and extensive gold plating with a split-pin positive post and 6-cut ground contact for maximum connectivity. The color-coded stripes make for easy identification. 6 mm cable inlet. Sold in packages of four (2 red, 2 black).

#263-212 ..... \$18.99 LIST \$9.88 (1-3) \$8.25 (4-UP)
