

Automotive Carpet

Premium unbacked automotive carpet. This non-woven plush carpet is made of 100% solution dyed polyolefin fiber. It resists stains, soil, mildew and sun fading. This carpet is ideal for use in car stereo installations. Use it to cover your custom speaker boxes and amp boards. Now your entire installation can be color coordinated to your car interior. 40" wide and sold by the linear yard. Made in the USA.

Part #	Color	Part #	Color
261-700	Black	261-730	Dark Tan
261-710	Navy Blue	261-740	Gray
261-725	Burgundy	261-750	Charcoal

Per Linear Yard (36" x 40") **\$5.85** (1-9) **\$5.29** (10-UP)

Latex Backed Cabinet Carpet

Latex backing adds extra durability and toughness. Perfect for applications such as stage monitor cabinets where the carpet will take a lot of abuse. Also is a good choice for automotive applications. 48" wide and sold by the linear yard. Made in the USA.

#260-762 (Black)

#260-764 (Dark Charcoal)

Per Linear Yard (36" x 48") **\$6.29** (1-9) **\$5.83** (10-49) **\$5.50** (50-UP)

Cabinet Carpet

This high quality carpet conforms easily to sharp corners because it has no stiff backing. You can also stretch it to cover irregular shapes. This is the covering of choice for car, stage, and amplifier cabinets. Carpet is strong, yet easy to cut with knife or scissors. Adhere with spray adhesive or latex contact cements. Provides protection and good looks. 54" wide and sold by the linear yard. Made in the USA.

#260-765 (Dark Charcoal)

#260-767 (Medium Gray)

#260-768 (Jet Black)

Per Linear Yard (36" x 54") **\$5.25** (1-9) **\$4.78** (10-49) **\$4.34** (50-UP)

Black Oxide Hardware

Black oxide hardware perfect for car stereo or electronic applications. Sold in packages of 100.

Truss Head Stinger Point

Self Tap

Speed Clip

Part #	Description	Size	Package Price

265-911	D	Chrysler	10	3.50	2.90

Car Audio

Sound Damping

Sonic Barrier Acoustic Damping Sheets

Installing damping sheets will improve the total ride quality of any automobile! You can reduce interior noise levels 3-10 dB by applying damping sheets to the door panels, firewall, floor pan, trunk lid, or any interior sheet metal panel. Top performers in car audio competitions know that a reduction of 3 dB in the interior noise level is like doubling your effective amplifier power!

AB1 Sound Damping Sheets

- Stop the rattling and buzzing!
- Cost effective
- Flexible
- Easy peel-and-stick application

Sonic Barrier AB1 sound insulating and damping sheets absorb the vibration of any solid material and transforms it into thermal energy (low level heat). It is made of an asphalt based polymer with aggressive pressure sensitive adhesive on one side, allowing for easy peel-and-stick application. The flexible nature of the damping sheet enables it to mold and conform to irregular surfaces. Can be cut using a standard razor knife. • Effective temperature range: -30° F to 350° F • Sheet thickness: 0.070".

Part #	Dimensions	Coverage	List Price	Price (1-3)	Price (4-UP)
268-023	39" x 39" (x2)	21 sq. ft.	\$76.99	\$58.65	\$46.92
268-028	39" x 39" (x6)	63 sq. ft.	203.99	156.40	127.96

VE-1 Vinyl Based Sheets

- Easy to apply, odorless
- Twice the damping and half the weight of asphalt based damping sheets
- Makes excellent gasket material
- Dampens vibration in speaker boxes

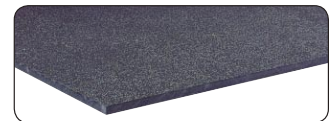

The VE-1 sheet was formulated for maximum damping efficiency over a broad frequency and temperature range. VE-1 has a leather-grain finish and is cosmetically pleasing, so it can be used on front speaker baffles and other applications that are visible to the eye. Like the asphalt-type sheets, the VE-1 vinyl damping sheet molds and conforms to irregular surfaces, and it is easy to cut with a standard razor knife or scissors. The pressure sensitive adhesive makes for easy peel-and-stick installations and will adhere to most surfaces. Excellent flame resistance, can handle continuous temperatures up to 250° F and meets UL94V-O. Thickness: .050".

#268-030 (10" x 13") \$6.99 LIST **\$4.25** (1-3) **\$3.65** (4-UP)
#268-035 (27" x 40") \$42.99 LIST **\$28.50** (1-3) **\$25.15** (4-UP)

Textured ABS Sheets

Textured ABS sheet is ideal for making custom trim plates for radios, EQs, crossovers and more. Textured front, smooth back. Easy to trace on.

Part #	Description	Price (1-3)	Price (4-UP)
265-940	1/16" thick x 12" x 24"	\$3.50	\$3.15
265-945	3/32" thick x 12" x 24"	4.95	4.65
265-948	1/8" thick x 12" x 24"	7.25	6.55

Radio Back Strap

Universal, perforated, reinforcing radio back strap, 9".

#265-915 **85¢** (1-9) **70¢** (10-UP)
