

**Peavey XR® 8300 & XR® 8600 Powered Box Mixers**

- 8 improved, low-noise mic preamps
- 10 line inputs
- 48V phantom power, 3-band EQ, monitor send, and effects send on each channel
- 25 dB pad on channels 1-6
- Signal and Clip indicator on each channel
- Dual Main or Main/Mon power amp mode switch
- Dedicated 7-band graphic EQ for mains and monitors with FLS
- DDT speaker protection
- DSP based effects with parameter control
- Channel mute switch
- Rugged plastic case
- XR® 8300: 300W x 2 (4 ohms); XR® 8600: 600W x 2 (4 ohms)

Continuing in the tradition of the world's most reliable mixer-amp boxes are Peavey's new XR® 8300 and XR® 8600. They feature new, improved low noise mic preamps, multi-point clip sampling, and a new subsonic filter to prevent low frequency power robbing. New graphic equalizers have multi-Q bandwidth to allow some filters to perform feedback control while others perform tone control, and incorporate Peavey's patented FLS (Feedback Locating System).

**Behringer Europower PMH1000 Powered Mixer**

- Super-compact 2 x 300 watt (600 watts bridged mode) stereo powered mixer
- 12-channel mixer section comprised of 4 mono and 4 stereo channels
- Integrated 24-bit stereo FX processor
- Revolutionary FBQ Feedback Detection System instantly reveals critical frequencies for easy feedback removal
- 6 high-quality mic preamps (4 IMP "Invisible" Mic Preamps) with switchable +48V phantom power
- 3-band EQ, low cut filter, and clip LEDs on all mono channels
- Stereo 7-band graphic EQ allows precise frequency correction of monitor or main outputs
- Selectable stereo (main L/R), double mono (main/monitor) or bridged mono amplifier operation mode

**Behringer Europower PMH2000 Powered Mixer**

- 2 x 250 watt (500 watts bridge mode) power amp with full protection
- 10-channel mixer section (6 mono and 3 stereo)
- Switchable +48V Phantom Power
- Integrated 24-bit Digital Stereo EFX
- Optional Stereo (Main L/R) or Double Mono (Main/Monitor) operation

The PMX2000 gives you six mono channels with ULN mic/line preamps with -25 dB pads and peak LEDs, switchable phantom power, Behringer's renowned super-musical 3-band EQ, an effects and monitor send. In addition, you get four stereo channels: three with the same ULN mic/line preamp, EQ and sends but with left and right 1/4" connectors; and one especially configured for tape, CD or MD players with stereo RCA inputs and recording outputs.

**Behringer Europower Series Power Amplifiers**

- 2 x 700 watts into 2 ohms/ 1,400 watts into 4 ohms bridged operation (EP1500)
- 2 x 1,200 watts into 2 ohms/2,400 watts into 4 ohms bridged operation (EP2500)
- Independent limiters for each channel offer dependable protection against distortion
- Neutrik® Speakon®-compatible and "touch-proof" binding post output connectors
- Balanced XLR and 1/4" TRS inputs

Europower means extremely musical power amps that can take a whole night's worth of abuse without missing a beat—even at 2 ohms! The EP Series amps are dependable workhorses that will never let you down. You get enough real-world watts to get you through the roughest gigs: up to 2,400 watts into 4 ohms bridged mono operation.

**Behringer A500 Reference Power Amplifier**

- For recording studios, post-production, live sound, and hi-fi applications
- 2 x 230 watts into 4 ohms, 500 watts into 8 ohms in bridged mono operation
- Advanced convection-cooling for absolutely noise-free and stable operation (no fan)
- Input connections on balanced XLR, 1/4" TRS and RCA connectors
- Speaker outputs on professional "touch-proof" binding posts and 1/4" TS connectors

**Specifications:** • Output power (1 kHz, 0.1% THD) per channel stereo: 160 watts RMS @ 8 ohms, 230 watts RMS @ 4 ohms • Output power (1 kHz, 0.1% THD) bridged mono: 500 watts RMS @ 8 ohms • Weight: 18.5 lbs. • Dimensions: 4" H x 19" W x 10.85" D.

**Behringer PMH518M Powered Mixer**

- Super-compact, rack mountable, 180 watt 5-channel powered mixer
- Integrated 24-bit multi-FX processor
- Revolutionary FBQ Feedback Detection System instantly reveals critical frequencies for easy feedback removal
- 5 mic/line channels plus separate 2-track input/output
- 2-band EQ on all channels and a 7-band graphic EQ for precise frequency correction
- 1/4" jack and professional speaker connectors (compatible to Neutrik® Speakon®)
- Includes rack mount brackets
- Dimensions: 18.5" W x 4.6" H x 8.9" D
