The MK Series: Performs better than other speakers that cost much more!

- 4" treated-paper woofer extends the low-frequency range to play down to 60 Hz range without hindering the critical vocal range for a clean, robust low-end response
- 3/4" tweeter delivers precise vocal and instrumental reproduction that give you a clear and detailed high-frequency performance
- Each MK Series speaker features the same drivers to create a timbre-matched audio system when using multiple models
- Wide speaker dispersion range allows the MK Series to be used in a myriad of audio systems without compromising sound quality
- Textured, black vinyl finish with a removable cloth grill provides an attractive look that doesn’t compromise your rooms décor

Use two MK442’s on their side for a powerful mini-tower setup with extra punch.

Use the MK402X in home theaters as front or rears, or in simple stereo applications to create an impressive soundstage.

Use the MK402BTX for easy out of the box operation and convenient Bluetooth. Great for desks, garages, kitchens and more!

The transmission line construction of the MK402T tower speakers generates deep, articulate bass, perfect for music and movies alike.

Rave Reviews!

“These speakers are exactly what my surround sound needed.”
—Tiffany S.

Application Ideas!

- Listening rooms, living rooms, apartments, and home theaters
- Offices, dorm rooms, or any desktop audio system
- Garages, exercise areas, and other workspaces
